REPORT OF THE AUDITOR GENERAL

I have the honour to transmit the Report of the Auditor General for Canada for the fiscal year ended 30th June, 1906, including statements in detail of the Expenditure and Revenue of the Dominion of Canada for that year.

In the report for 1905 attention was directed to the accumulation of arrears and a method suggested for disposing of the same.

Reference was also made to the rapid increase in the size of the report and the desirability of adopting some system for condensing the details.

It is hoped that these subjects will receive the attention and consideration of the Public Accounts Committee.

I have to report that there have been no Treasury Board over-rulings of the Auditor General's decisions since the date of my last report.

J FRASER,

Auditor General.

AUDIT OFFICE, OTTAWA, 15th January, 1907.

SIR,—In the statement of arrears due to your department, furnished last year, there appears as due for timber dues, Yukon, $1,456.28. Nothing has been furnished as due this year.

The dredging leases Northwest Territories last year had arrears of $10,377.96. The arrears this year, $1,697.97.

The arrears for coal lands royalty last year was $16,669.40. Nothing has been furnished as due this year.

I shall be glad to have as soon as convenient, any explanations you may see fit to make in reference to the above.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, 28th December, 1906.

SIR,—I am in receipt of your letter of the 26th inclosing statement of arrears due to your Department on June 30th last and still unpaid.

The advances from 1905-6 remaining unsettled December 18th, amount to $14,-352.70. Explanations should be given in each case why these advances have not been accounted for, as was done last year. See your letter of February 27th, 1906.

Seemingly these are arrears of advances made in 1905-6. What I asked for was a statement of all arrears due to your department. If all previous advances have been accounted for please state so.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, 8th January, 1907.

SIR,—I have to-day received a statement of the arrears due on account of slides and booms.

The application which I make to your department as well as to all the departments is for a statement of all arrears due.

Though you have been several times, in past years, written to on this subject, no statements have ever been furnished other than those in connection with slides and booms. See letter of January 6, 1905.

I have to request your early attention.

I am, sir, your obedient servant,

The Deputy Minister of Public Works. J. FRASER, *A.G.*

SECRETARY OF STATE DEPARTMENT, OTTAWA, 30th October, 1906.

SIR,—Replying to your letter of the 27th instant, I may say that when forwarding the memorandum of arrears on the 26th instant, I was under the impression that you desired only the items for the year 1905-6, the monthly returns showing that all but two of the items of the previous year were still outstanding.

I return, herewith, the list of arrears for 1904-5 which you inclosed, with the dates upon which the two items since received were paid, entered thereon as you requested. Repeated applications for the others have failed to elicit any response, and if you could suggest any means by which these small amounts can be collected without expense I should be glad. In the case of fees upon commissions to officers of the government who are still in the service, I should think they might be deducted from their salary and paid over to this department.

I have the honour to be, sir, your obedient servant,

The Auditor General. JOSEPH POPE, *U.S.S.*

AUDIT OFFICE, OTTAWA, 3rd November, 1906.

SIR,—I have to acknowledge receipt of your letter of 30th ultimo inclosing a statement of arrears due your department.

You state that repeated applications have been made for the payment of these arrears, but have failed to elicit any response. I can understand that it is a difficult matter to collect these amounts, and they are usually too small to take any legal action to enforce the payment; but there are two items on the list about which there should be no trouble. If the account of Mr. W. W. B. McInnes, Commissioner of the Yukon Territory, is sent to the Finance Department for collection, I have no doubt the amount would be retained from his salary. With regard to the other items perhaps it might be advisable to send them to the Department of Justice to be dealt with.

I am, sir, your obedient servant,

The Under Secretary of State. J. FRASER, *A.G.*

SECRETARY OF STATE DEPARTMENT, OTTAWA, 14th November, 1906.

SIR,—In connection with prior correspondence and with more particular reference to your letter of the 3rd instant respecting arrears due this department, I beg to say that acting upon your suggestion, I wrote to the Deputy Minister of Finance with a view to retaining from the salary of Mr. W. W. B. McInnes, Commissioner of the Yukon, the amount of the fee upon his commission, and am informed by Mr. Boville that he has communicated with the Deputy Minister of the Interior, by whose department the salary is paid, and who states in reply that Mr. McInnes is expected in Ottawa shortly, when he will take the matter up with him and endeavour to have it adjusted satisfactorily.

I have the honour to be, sir, your obedient servant,

The Auditor General. JOSEPH POPE, *U.S.S.*

AUDIT OFFICE, OTTAWA, 11th January, 1907.

SIR,—I have received your letter of the 8th instant, inclosing a statement of arrears due the Intercolonial Railway on June 30th last and still unpaid, amounting to $276,614.82—an increase during 1905-6 of $80,422.64.

I inclose a statement giving the details of this increase some items of which call for explanation, particularly those that appear for the first time this year. The items at Dartmouth and St. Hyacinthe stations, I understand are old defalcations.

The arrears due June 30th, 1905, have been reduced by only $1,719.46, but a small sum considering the amount due. What action has been taken to collect the other arrears due—some of which must be collectable?

I am, sir, your obedient servant,

The General Manager, Government Railways. J. FRASER, *A.G.*

Explanation by Clerk of the Commons:—

As the estimates for the above accounts were sent in December, 1904, they are only approximate. The small over-expenditures on two votes were unavoidable, while the saving on the others was due to careful economy.

These accounts have been examined under my direction and are correct.

a. The expenditure depends upon the demands of the trade for methylated spirits, and a close estimate is impossible. A sufficient sum must be provided to enable the Department to fill all orders received.

b. This expenditure varies from year to year. No Yukon Law or Mining Court stamps were required to be printed during the year, hence under-expenditure is large in proportion to amount printed.

These accounts have been examined under my direction and are correct.

a. Expenditure over-estimated. It is impossible to make an accurate estimate of mail service expenditure. Allowance must always be made for the growth of the service, but the increased cost of a year's expansion cannot be calculated a year in advance. *b*. Owing to the retirement from various causes, during the year of a number of the older officials of the department whose places were temporarily filled by others at lower salaries, which, in many cases, were charged against the Miscellaneous Vote on account of the temporary nature of their employment, the amounts required under the heads of 'Salaries' and 'Miscellaneous' could not be closely estimated at the beginning of the year as such changes in the service cannot be anticipated. *c*. Owing to the conditions that prevail in the Yukon Territory the department might at any time be called upon to provide new mail service so that it was not thought advisable to reduce the vote of previous years.

Exhibition Expenditure—Irregularities in Payments.

AUDIT OFFICE, OTTAWA, January, 7, 1907.

SIR,—*Re* Exhibitions vote. I beg to call your attention to the following:—

St. Louis Exhibition.

1904.

May 31.—Robert Hamilton advanced in St. Louis . . . . . $ 25 00
Unaccounted for.

July 20.—Cheque No. 1, Robert Hamilton advanced, Ottawa 100 00
Unaccounted for.

Pittsburg Exhibition.

1906.

Feb. 8.—Voucher 94, W. A. Burns, item, living allowance, Nov. 1-2, 3d., should be 2d., overpayment 10 00

1905.

July 31.—Voucher 47, A. W. Despard, living allowance July 13-14, covered by hotel expenses (cheque No. 33), overpayment 6 00

Nov. .—Cheque No. 4000, M. F. Goddard, living allowance, August 28-30, 3d., included in payment at Pittsburg, V. 27, overpayment. 9 00

Sept. 9.—Cheque No. 1759, W. H. Hay, living allowance, August 1-8—
Voucher 23, paid in Pittsburg, includes these dates; overpayment. 32 00
Voucher 22 includes living allowance, 26d., in July. Mr. Hay left Ottawa July 13; was he entitled to allowance prior to that date ?
Voucher 6, Pittsburg Dry Goods Co 53 99
Sub-voucher for $8.75 required.
Voucher 80, Union Cold Storage Co 19 34
Sub-vouchers required.

1906.

July.—Cheque No. 36, Western Pennsylvania Exposition Society, cost of space 250 00
Voucher or copy of agreement required.

Liege Exhibition, 1904-5.

1905.

March 23.—Cheque No. 2967, E. Girardot, advance.. .. .. 200 00
Unaccounted for.

31.—Cheque No. 3102, O. Pierson, living allowance, March 27-31, 5d., included in voucher 299, Liege; overpayment.. .. .. 12 50

April 4.—Cheque No. 3126, Canadian Pacific Railway, transport for J. Obalski, St. John to Liverpool.... .. .. 80 00
May 15, V. 492, includes transport for Mr. Obalski, New York to Havre. Has cheque No. 3126 been refunded?

In June, 1905, Mr. Brodie made an adjustment of exchange, the rate of five francs to the dollar being changed to 5·22. He erroneously included advances furnished in Ottawa in the bases of calculations, resulting in overpayments as follows:—

Jules Cambron, $6.32; F. L. Dery, $8.43; H. B. FitzSimon, $6.32; J. Obalski, $8.43; O. Pirson, $5.27; C. J. Simard, $6.32; Geo. Strubbe, $632; H. Hains, $6.32.... .. ..$ 53 73

Liege Exhibition, 1905-06.

Wm. Hutchison, on account of living allowance.. .. .. 2,687 89
Statement required.

James Brodie, on account of living allowance.. .. .. 2,681 23
Statement required.

1906.

January.—Cheque No. 5922, F. L. Dery... .. .. 204 03
Voucher required.

Cheque No. 5923, H. C. Knowlton (Pittsburg and Liege).. .. .. 282 32
This account is for services and expenses connected with work in Montreal, August 14-23, 1905. Mr. Knowlton charges board, 41 days, at $1.50, but furnishes no voucher for this item. For transport he claims ten single fares between Knowlton and Montreal for himself, and eight single fares for F. B. Curtis; also a couple of trips to Ottawa at single fares. As he evidently spent a considerable portion of the time at Knowlton, it would appear that Mr. Knowlton should either not have been allowed board for the full period, or his frequent trips home should have been at his own expense. Assuming that transport charges were justifiable, single fares should not have been allowed. The account does not bear the signature of the Deputy Minister of Agriculture as 'approved for payment.'

1905.

October.—Voucher 1286, O. Pirson, includes salary October 1-10 1905, at $75 per month.. .. .. $25 00
Cheque No. 3044, O. Pirson, includes salary to Nov. 2, 1905.. .. .. 88 70
113 70

As at $75 per month the amount due for this period would be $80, this would appear to be an overpayment of.. .. .. 33 70

1906.

January.—Cheque No. 5925, C. J. Simard.. .. .. 68 00
This amount is evidently an overpayment, being covered by payments received in Liege, November 6, 1906, vouchers 1407 and 1408.

1905.

August.—Cheque No. 623, Receiver General, account of L. Taylor... .. .. 100 00
Unaccounted for.

Vouchers 1118 and 1699, James Brodie, overpayment.. .. .. 6 23

November.—Voucher 1453, Jules Cambron, allowed 31 days living allowance in November; overpayment, 1 day.. .. .. 2 50

1905.

September.—Cheque No. 2096, E. P. McGrath & Co.. .. .. 94 80
Includes an overpayment of $10.

No vouchers have yet been received for the following payments:—

June, 1906, cheque No. 5893, Canada Furniture Manufacturers, $307.93; Mr. Brodie's expenditure, voucher 1557, Bernay-Tonglet, $686.70; Voucher 1264, Liege Exhibition Co., $1,324.30 (receipt only received; details required).

Geo. M. Bayly, architect, has received payments on account aggregating $2,518.92. In his statement he acknowledges receipt of $1,796,.32 only. Item 'expenses and disbursements in Liege, $75.55,' is unsupported by vouchers. No dates are given in connection with any of the items, but he seems to have been engaged on government work in Liege and London for seven months.

In addition to his full commission on cost of construction, netting him $1,970, and living allowance, $840, he makes the unique claim to salary for the full period, amounting to $1,050.

Please let me know the terms of Mr. Bayly's engagement.

Milan Exhibition.

Wm. Hutchison, on account of living allowance.. .. .. $3,053 59
Statement required.

James Brodie, on account of living allowance.. .. .. 574 71
Statement required.

1906.

June 28—Voucher 679, R. L. Broadbent, advance.. .. .. 150 00
Not accounted for.

June 20.—Cheque No. 9531, A. W. Despard, salary, June.. .. .. 100 00

June 15.—Vouchers 570 and 571, A. W. Despard, part salary, June, $25.
Overpayment... .. .. 25 00
Voucher 569, A. W. Despard, advance.. .. .. 100 00
Not accounted for.

1906.

March 8.—Cheque No. 7008, H. C. Knowlton, $14.15, deducted from this account, paid July 27, cheque 10193 as $14.85; overpayment 70 cents.

April 14.—Cheque 7915, Canadian Pacific Railway, transport Mr. and Mrs. C. Mariotti, New York to Genoa. 90 00
To be refunded. Has refund been made?

February 26.—C. 6577, F. C. Chittick, advance. 150 00
Vouchers furnished for $98.96 only. Balance $51.04 unaccounted for.

Vouchers 45, 88, &c., on account of contract for building, aggregate $23,498.35. Statement or copy of contract required.

Exhibitions, General.

1906.
February 12.—Cheque No. 6425, W. A. Burns, advance. 200 00
Unaccounted for.

January 19.—Cheque No. 5989, Bell Telephone Co. 17 50
Voucher required.

1905.
October.—Cheque No. 2668, Trappist Fathers, preserved fruits. 182 65
Mr. W. A. Burns pronounced this supply unsuited to exhibition purposes. Please inform me as to its disposal.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, January 8, 1907.

SIR,—In the statements of expenditure by James Brodie on account of Imperial Institute, 1905-06, I beg to draw your attention to the following items:—

1906.
March.—Voucher 43, R. L. Broadbent, $13.99, includes payment for meals, $1.34.

February.—Voucher 14, E. Girardot, $37.88, includes hotel expenses, $10.58.

As these payments are in addition to the regular living allowances, refunds should be required.

March.—Voucher 39, &c., F. Sage & Co., 'on account,' $9.730.27.
No vouchers have reached this office to indicate the nature of these payments. Please furnish details. If a contract exists, I would require a copy of that document.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. FRASER, *A.G.*

Re **Port of Montreal—Collector's Bank Account.**

AUDIT OFFICE, OTTAWA, April 21, 1906.

SIR,—The Collector's Bank Account of the Port of Montreal for the month of November—the last to hand—shows the outstanding special deposits, covering perishable goods, such as fruit, fish, &c., amounted to $4,417.38.

This amount was deposited as follows :—In 1891, $25; in 1894, $15; in 1895, $5; in 1896, $400; in 1898, $50; in 1899, $125; in 1900, $430; in 1901, $1,150; in 1902, $175; in 1903, $596.40; in 1904, $1,215.98; in 1905, $230.

I have to inquire as to the practice with reference to these deposits. Are the firms who have made them still importing these classes of goods ?

I am, sir, your obedient servant,

The Commissioner of Customs. J. FRASER, *A.G.*

DEPARTMENT OF CUSTOMS, OTTAWA, May 5, 1906.

SIR,—Referring to your letter of the 21st ultimo in the above matter, the deposits on account of perishable goods are not customs revenues, but amounts held as security for the due entry of such perishable goods delivered from time to time in advance of formal entry.

It is the practice of importers to enter such perishable articles daily, tri-weekly or weekly as the case may be, leaving the deposit intact.

The firms who have made the deposits in question are still importing. When a firm ceases importing the deposit is withdrawn.

I have the honour to be, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Comm.*

Re **Port of Montreal—Shortage of D. Hobbs.**

AUDIT OFFICE, OTTAWA, April 12, 1906.

SIR,—The collector's bank account of the Port of Montreal shows that deposits were made in October and November last amounting to $11,704.94 on account of shortage of D. Hobbs.

I have to ask for an explanation of the circumstances in connection with this shortage. Do the amounts deposited cover the total shortage ? Has the amount since been transferred to credit of the Honourable Receiver General, and, if not, why not ?

I am, sir, your obedient servant,

The Commissioner of Customs. J. FRASER, *A.G.*

DEPARTMENT OF CUSTOMS, OTTAWA, April 21, 1906.

SIR,—Referring to your letter of the 12th instant, respecting the above deposit, I am to state that this deposit consists principally of money received from Mrs. Hobbs in restitution and payment of any and all loss which the Customs and the Canadian Pacific Railway Company, or either of them, may have suffered by reason of the acts and deeds of her husband, David Hobbs, directly or indirectly, and as security for expenses in connection therewith.

The amount has not been heretofore transferred to the credit of the Receiver General, pending decision as to whether it should be so transferred or not.

This deposit is in connection with frauds on the Customs Revenue alleged to have been perpetrated by David Hobbs, agent of the Canadian Pacific Railway Company, in obtaining delivery of goods for the said company without payment of the proper duties thereon, chiefly by falsifying documents presented at the Custom-house and by the suppression of documents which should have been delivered to the Customs.

The investigation of the case has been going on continuously since October 18, 1905, and is not yet fully completed. This delay is owing to the mass of papers to be examined and to the necessity for obtaining documentary evidence outside of the Customs.

The collector has been instructed to pass a *pro forma* entry for the deposit in question and place the amount to the credit of the Receiver General, subject to adjustment hereafter upon further evidence.

The Customs claim for duties in this case is against the Canadian Pacific Railway Company and will not probably be covered by this deposit.

The department, however, does not expect the revenue to suffer in the end, although the matter, perhaps, may not be adjusted without a resort to the courts.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Comm.*

Re Customs Refunds.

DEPARTMENT OF CUSTOMS, OTTAWA, April 10, 1905.

SIR,—I inclose copy of general Order in Council of October 23, 1868, respecting refund of Customs duty on goods which are found not to be the goods ordered.

Cases are arising from time to time in respect of goods found not according to order and for the return of which notice has been given within one month from time of entry, that the importer would prefer to destroy the goods in the presence of a Customs officer, instead of exporting same.

If the goods are destroyed in the presence of a Customs officer and certified to accordingly by the Customs officer, would you accept such certificate (instead of a certificate of exportation) as a sufficient compliance with the provisions of the Order in Council to authorize the payment of the refund of duty.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Comm.*

AUDIT OFFICE, OTTAWA, April 12, 1905.

SIR,—I have received your letter of the 10th instant inquiring if I would accept a certificate that goods had been destroyed instead of re-exported as a sufficient compliance with the provisions of the Order in Council to authorize payment of the refund of duty.

If the department is of opinion that in such cases the duty should be refunded, and I do not know any reason why it should not, then I would suggest having the general Order in Council amended accordingly.

As the Order in Council now stands it only covers goods re-exported.

I am, sir, your obedient servant,

The Commissioner of Customs. J. FRASER, *A.G.*

Re **Bonding Warehouse Fees.**

AUDIT OFFICE, OTTAWA, October 25, 1906.

SIR,—The receipts from Bonding Warehouse Fees in 1904-05, amounted to $16,-891.36 ; and in 1905-06 to only $8,828.55. The reduction seems to be pretty general. How is it accounted for ?

I am, sir, your obedient servant,

The Commissioner of Customs. J. FRASER, *A.G.*

DEPARTMENT OF CUSTOMS, OTTAWA, October 30, 1906.

SIR,—Referring to your letter of the 25th instant, respecting the falling off in the warehouse fees collected in 1905-06 as compared with 1904-05, I am to state that under terms of the Order in Council of July 26, 1905, the charges in respect of Customs Warehouses *from January 1, 1906,* are based on Customs attendance and classed as 'Charges for Customs Special Services.'

These charges (since January 1, 1906) are taken to account as 'Refund of Customs Special Services.'

I inclose memo. : 1343 B, containing the Warehouse Regulations as in force, under Orders in Council, at January 1, 1906.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Comm.*

Re Distillery Returns.

AUDIT OFFICE, OTTAWA, February 1, 1906.

SIR,—No reply has been received to the letters written to you in August, 1904, in reference to deficiencies and surpluses in the grain accounts and in the accounts of spirits in process of manufacture at the different distilleries.

According to the returns of 1904-05 there are still large deficiencies of grain, and some small surpluses.

In reference to the accounts of spirits in process (E), there were the following deficiencies :—Corby's 25·75 p.g., Seagram's 101·24 p.g., McLaren's 4·47 p.g., and Walker's 68·69 p.g. There were surpluses as follows :—Whitney's 4,263·76 p.g., Spalding & Stewart 35·98 p.g., Gooderham's 5,423·23 p.g., Melchiar's 74·59 p.g., Parker's 17·81 p.g., and Tellier's 41·87 p.g.

I shall be pleased to have an explanation of the large surpluses noted above.

The larger amount of fusil oil written off at the Montreal distillery, 15,440·77 galls. as compared with 6,482·32 galls, at Toronto, and 4,227·21 galls. at Windsor, would seem to call for explanation.

The quantity of spirits manufactured. warehoused and ex-warehoused at Gooderham's distillery in 1904-05 was greater than at Walker's distillery. How does it happen that the legal allowance at Walker's was 75,540·31 galls, and at Gooderham's it was only 11,196·27 galls. ?

The other deficiencies at the several distilleries were 13,598·76 galls., which were treated as free. I shall be glad to know on what authority ?

I am, sir, your obedient servant,

The Deputy Minister, Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, March 9, 1906.

SIR,—I am returning herewith the distillery returns for 1904-05 and entry papers for the month of June, 1905.

In the return of the distillery of H. Corby, Belleville division, for the month of June, 1905, there is entered as ex-warehoused for transfer 4,569·67 proof gallons.

The entries covering these transfers indicate that they were merely transfers from warehouse No. 2 to some other warehouse, possibly No. D.

The entries covering these transfers indicate that they were merely transfers from lows :—

For Duty	3,250·41
Removal	673·81
Export	9·69
	3,933·91

How is the balance of 635·76 p.g. accounted for ?

I am, sir, your obedient servant,

The Deputy Minister, Inland Revenue J. FRASER, *A.G.*

Re Excise Inspections.

AUDIT OFFICE, OTTAWA, March 27, 1906.

SIR,—I inclose copy of correspondence with Inland Revenue Department in reference to the returns of its inspectors.

You will note that no r eturn of the inspection of Montreal has been furnished for years and no explanation can be obtained.

Some of the more important divisions are not inspected as frequently as they should be.

The inspectors should report any outstandings, also if the receipts are promptly deposited.

I beg to request you to submit this correspondence to the honourable the Treasury Board and that you will acquaint me with its action thereon.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, October 25, 1906.

SIR,—On the 27th March last I wrote you stating that no return of the inspector of Inland Revenue for the inspection of the Montreal division had been furnished for years and no explanation could be obtained.

I beg to inform you that I am still without the report of the inspector and have had no explanation of the delay in forwarding the same, and in consequence of this delay I am unable to make a satisfactory examination of the revenue of the most important division engaged in the collection of excise revenue.

As you are no doubt aware it is impossible for me with the limited staff available for the examination of the revenue to give more than a very general examination. I have therefore to avail myself of the inspection and examination made by officers appointed for that purpose, and to rely to a certain extent on the efficiency of the system in operation and the value placed on the inspection, and if in my opinion the system is inefficient or the results prove that it is so I have an opportunity to call the attention of the Treasury Board to the defects and ask for improvement.

The inspectors' reports are of great value in disclosing any weakness in the system or laxity in its operation. I consider it therefore of the greatest importance that I should have access to these reports.

If I am not to be furnished with them I may consider it necessary to have a detailed examination of this division made by my own staff. This will, of course, entail the loss of a great deal of time that can ill be spared from their ordinary duties here—time which might be saved if the Department of Inland Revenue would furnish me with the information I have so persistently asked for.

I hope the Treasury Board will see its way clear to issue an order to have these reports sent to me, or if this is not considered expedient, that I shall be informed of its decision at an early date.

I may add that the report of the inspector for this division is the only one we do not get; the others are supplied, although some of the inspections are not made as frequently as they should be.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. FRASER, *A.G.*

Re Refund of Excise Revenue—Raw Leaf Tobacco Cuttings.

AUDIT OFFICE, OTTAWA, November 7, 1906.

SIR,—A difference of opinion has arisen between this office and the Department of Inland Revenue in reference to the refund of duty on raw leaf tobacco cuttings exported. The Department of Inland Revenue quote section 2 of 57-58, chap. 35 as their authority. 'The Department of Inland Revenue may, under regulations made for that purpose, allow on the exportation of goods which have been manufactured from articles subject to a duty of excise, and on which such duty of excise has been paid, a drawback

equal to the duty as paid with such deduction thereform as is provided in such regulations and subject to the direction of the Governor in Council.'

The tobacco is imported for the manufacture of cigars, and during the process of manufacture there is a certain amount of cuttings or waste. These cuttings are collected and exported and a refund of the duty paid on the same is allowed.

My contention is that these cuttings are not manufactured articles and therefore a refund of the duty paid cannot be made.

I have therefore to request that you will be good enough to advise me as to whether the authority quoted above is sufficient to authorize a refund of the excise duty paid on these tobacco cuttings.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. FRASER, *A.G.*

JUSTICE DEPARTMENT, OTTAWA, November 14, 1906.

SIR,—In reply to your letter respecting the refund of excise duty on raw leaf tobacco cuttings, I have the honour to state, that this matter has already been a subject of correspondence between this department and the Department of Inland Revenue in connection with a referenee from the Treasury Board, but I understand that the Department of Inland Revenue proposes to ask parliament to amend the Act so as to enable them to make the refund in question.

I am, sir, your obedient servant,

A. POWER, *Acting D.M.J.*

The Auditor General.

Overpayment of Bonuses for Pauper Children.

(NOTE.—For beginning of this correspondence see A.G's Report, 1904-1905, page L—88.)

AUDIT OFFICE, OTTAWA, October 13, 1906.

SIR,—On December 20, 1905, I wrote your department calling attention to an overpayment of $260 to Father Berry's Homes of Liverpool. No reply to my letter has been received by this office, and the only refund that appears to have come in is one of $99.36 refunded to the High Commissioner on August 15, last. Please inform me what steps have been taken to obtain the balance of the amount overpaid.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, October 25, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 13th instant, and to say that on receipt of your letter of December 20th, 1905, correspondence took place between my office and the High Commissioner's office in London in reference to the double payment of bonuses to Father Berry's homes, and in consequence of this correspondence the refund referred to in your letter now acknowledged was made, but evidently a mistake was made in the amount to be refunded. I am again calling the attention of our London office to the matter and hope to obtain a settlement in full with as little further delay as possible.

Your obedient servant,

The Auditor General. W. D. SCOTT, *Supt. of Immigration.*

Bonuses on the same Immigrant paid to more than one Person.

AUDIT OFFICE, OTTAWA, June 25, 1906.

SIR,—From the immigration accounts I find that in addition to the regular bonuses on immigrants paid to the North Atlantic Trading Company and others, various persons have been paid additional amounts as a commission or bonus upon the same immigrant. Kindly give me a list of the various authorities upon which the bonuses are paid, and inform me when money may be paid to more than one party, as bonus upon the same immigrant.

I am, sir, your obedient servant,

The Secretary of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, July 3, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 25th ultimo, and in reply beg to say that the only person to whom an additional bonus on continental passengers is paid is Miss C. Swanson, of Waterville, P.Q. The arrangement was entered into with Miss Swanson in January, 1901, by which she would receive $4 per capita for domestics from Scandinavia. Miss Swanson assists domestic servants who have not the money to pay their way to Canada, and not only places them, but also collects amounts advanced for passage.

Your obedient servant,

The Auditor General. W. D. SCOTT, *Supt. of Immigration.*

AUDIT OFFICE, OTTAWA, July 6, 1906.

SIR,—I am in receipt of your letter of the 3rd inst., and I beg to point out that my letter of June 25 did not refer entirely to continental bonuses, but covered all the bonuses on immigrants paid by your department. Kindly give me the information with reference to immigrants other than continental, asked for in my letter.

I am, sir, your obedient servant,

The Superintendent of Immigration. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, July 10, 1906.

SIR,—I beg to acknowledge the receipt of your letter of 6th instant, asking for additional information *re* payment of the bonus to two persons on the same immigrant. In my letter of the 3rd instant, I gave the only case where a bonus would be paid twice on continental immigrants. In the case of British bonus, however, there have been special arrangements made in a few cases with persons going to the old country, by which they were to receive a special bonus on persons they induced to emigrate to Canada. I may add that in the cases where a special bonus was paid in this way there has been correspondence referring to the same, and if you will bring to my attention any case I will be pleased to give you further information.

Your obedient servant,

The Auditor General. W. D. SCOTT, *Supt. of Immigration.*

Refund for Heating of Office Occupied by L. Leopold.

AUDIT OFFICE, OTTAWA, May 22, 1906.

SIR,—In the Public Accounts' Committee, on Thursday last, Mr. Preston, the Commissioner of Emigration at London, in reply to certain questions with reference to the heating of the offices occupied by Mr. Louis Leopold by the furnace of the commissioner's office said: . . . . . 'and we finally compromised the matter, that we would give him a heating apparatus for which he was to pay a few pounds a year,

and give him the right to connect with our 'phone, but, of course, he was to pay the cost of any messages going over his own 'phone.' Please inform me what amount was agreed upon for the heating, and what amounts have been received by your department on that account, and also in repayment for the extensions and charges for the 'phone.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, June 6, 1906.

SIR,—Referring to your letter of the 22nd ultimo, in reference to the heating of the offices occupied by Mr. Louis Leopold, I wrote to Mr. Preston on this subject, and now send you a copy of his reply, dated the 30th ultimo.

Your obedient servant,

The Auditor General. W. D. SCOTT, *Supt. of Immigration.*

HOUSE OF COMMONS, OTTAWA, May 30, 1906.

SIR,—Replying to your favour *re* the heating of the offices lately occupied by Leopold, I beg to say that I cut off the telephone connection, which was part of the consideration for the privilege of allowing the overflow pipe to run through office, and he therefore claimed a rebate on the heating. But the amount had not been amicably settled when I left London. I am writing to my secretary now to press Leopold for at least five pounds as an equitable settlement. I believe it will be paid at once.

Yours,

W. T. R. PRESTON.

INTERIOR DEPT., OTTAWA, July 30, 1906.

SIR,—On May 22, last, you asked for information respecting the heating of the offices occupied by Mr. Louis Leopold, and in answer to your inquiry I now beg to inclose herein copy of a letter received from Mr. Preston. The £5 mentioned has been deposited to the credit of the Receiver General. Trusting this explanation will be satisfactory.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

LONDON, W.C., July 7, 1906.

SIR,—With reference to your letter of May 23, last, addressed to me at Ottawa, I beg to advise you that the sum of £5 has been paid by Mr. Louis Leopold for the heating of his office during the period September, 1904, to September, 1905. I beg to say that Mr. Leopold has incurred no liability to the department in connection with the telephone, as the accounts for telephone expenses and charges were paid by Mr. Leopold to the Telephone Company direct.

I am, sir, your obedient servant,

The Secretary of the Interior. W. T. R. PRESTON, *Com. of Emigration.*

Claims of North Atlantic Trading Company.

AUDIT OFFICE, OTTAWA, August 16, 1906.

SIR,—I am in receipt of your application for a bill of exchange in favour of the North Atlantic Trading Company for £4,976 on account of bonuses for the year 1905-6. Before making any payment on this account it will be necessary that this office be supplied with certificates from officers of your department, who are in a position to know, that the various provisions of the contract have been carried out with regard to the year ended June 30, 1905, together with the vouchers showing that the company have made the expenditures called for in the contract, and if you are now in a position to give it, I would like to have the same information for the year ended June 30, 1906. The lists of names accompanying the application show that 764 immigrants arrived in Montreal through United States ports. What evidence have you that these persons came directly from the countries named in the contract, and that the company is entitled to the bonus? Please supply me with the original manifests of the steamers covering these arrivals. During last year bonuses were allowed on a large number of Jews from Russia, Austria and Germany, and on Germans from Poland, but in the present year I cannot find that any bonuses have been allowed on these people. Were there no arrivals, or have the regulations been changed, and if so, please supply me with a copy of the authority for making the change.

I am, sir, your obedient servant,

The Secretary of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, August 20, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 16th instant, addressed to the secretary of this department, and in which you make inquiries regarding the accounts of the North Atlantic Trading Company. With reference to the statement of their expenditure for the fiscal years 1904-5 and 1905-6, I beg to say that the accounts are on file in this office, and I will have a copy forwarded to you as soon as possible. With reference to the immigrants arriving at the port of Montreal, I would say that all information is obtained by the Dominion Immigration Agent, Mr. John Hoolahan, and assistants in Montreal. It is necessary for the immigrant to be able to give the name of the ship by which he came to America and the date of his arrival, and answer satisfactorily questions relative to his occupation, before his name is accepted by the Dominion immigration agent in Montreal. For the past year, ending June 30, 1906, we have copies of the United States manifests for the ports of New York, Boston, Baltimore, Philadelphia and Portland, and all immigrants coming in by these ports, and reported by Mr. Hoolahan, can be looked up on these manifests. I would suggest that, as the manifests are bulky, they be examined in my office. In the matter of allowing Jews from Russia and other places, I would say that these people apparently come under the contract of the company, and so were allowed during the year 1904-5, but after careful inquiry it has been found that as a class the Jews do not follow agricultural pursuits in Canada, and on that ground it was decided to discontinue payment; there is, however, no regulation or understanding with the company so far in this matter.

Your obedient servant,

The Auditor General. L. M. FORTIER, *For Supt. of Immigration.*

INTERIOR DEPT., OTTAWA, August 30, 1906.

SIR,—With further reference to my letter of the 20th instant, *re* North Atlantic Trading Company's account, I beg to inclose herewith the account of their expenditure for the year 1905-6, with the vouchers for the same. I am having sent over by special messenger the United States manifests for the same period, in order that you may check the arrivals at the port of Montreal, and I would ask you to have these manifests, and also the account with vouchers, returned to me after they have been checked in your office.

Your obedient servant,

The Auditor General. L. M. FORTIER, *For Supt. of Immigration.*

AUDIT OFFICE, OTTAWA, September 6, 1906.

SIR,—In determining the amount to be paid to the North Atlantic Trading Company for bonuses, I understand that the basis of calculation for the number of emigrants arriving in Canada from the countries included in the contract and the class to which they belong is found first, in the ship's manifest certified by the ship's officer. The correctness of this list is ascertained afterwards by your officers making a personal examination of the emigrants as to nationality, occupation, destination, &c. In the lists of emigrants accompanying your application of July 15, to pay the North Atlantic Trading Company the sum of $24,216.53 for ten months ended April 30, last, I find included 764 emigrants landed in Montreal via New York, and on comparing their names and occupations with the ship's manifests furnished me on application, I find a large number of discrepancies, so many, in fact, that it would appear as if the lists had been made up in Montreal without any reference to the manifests. In my opinion these 764 emigrants should have been considered as landing in Canada from the United States, and therefore there is nothing payable to the North Atlantic Trading Company on their account.

The following are some of the discrepancies which appear:—

* * * * * * * * *

The larger question, viz.: Has the North Atlantic Trading Company fulfilled all the requirements of the contract to entitle them to the payment asked for? is one for careful consideration. One of the conditions is that 'the company agrees to expend in carrying out its operations a sum of money not less than $15,000 annually, which is to be accounted for at the end of each year ending June 30, together with satisfactory proof in the form of vouchers, &c., showing that the expenditure has been made.' The evidence of this expenditure (it cannot be called vouchers), which you have sent me, is of very little value, as it consists chiefly of statements by the officers of the company that the money has been spent. The receipts for advertising, for instance, are signed by M. A. Alonquist & Co., who, if I am not mistaken, are the agents of the company at Gottenburg, or perhaps members of the company. Other receipts for salaries are given without any signature, the reason given for the omission of the name being that of secrecy. It is true that Messrs. Smart and Cohen have given a certificate that they have seen the original receipts bearing the name of the payee, but as both of these gentlemen are officers of the company and not of the government, their certificates are of no value. Before the question of payment can be considered it will be necessary for some officer of your department having a personal knowledge of the matter, to furnish me with a certificate of the following nature:—

'I hereby certify that I have examined the accounts, statements and vouchers of the North Atlantic Trading Company, and find that the company has fulfilled the terms

of their contract, have made the expenditure required under section..... of the said contract, and are entitled to be paid the sum of....., being for immigration services performed under the contract to April 30, 1906.'

An amended application to pay the bonus, after deducting the number of immigrants landed in Montreal, might then be sent me.

I am, sir, your obedient servant,

The Deputy of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, September 15, 1906.

SIR,—I beg to inclose herein a requisition for a bill of exchange for £4,100, in favour of the North Atlantic Trading Company, on account of bonuses earned by the company. This requisition is to take the place of the one for a larger amount which was transmitted to you some time ago. I may say that a communication has been sent to the High Commissioner's office, London, England, asking him for a certificate required by your office in connection with the fulfilment of the terms of the contract as set forth in section No. 3 of the arrangement made with the company. It is understood, of course, that the letter of credit is to be charged to the appropriation for last fiscal year.

Yours very truly,

The Auditor General. W. W. CORY, *Deputy Minister.*

INTERIOR DEPT., OTTAWA, September 29, 1906.

SIR,—I have the honour to inform you that your letter of the 6th instant, *re* bonus for immigrants, has been forwarded to me from the deputy minister's office, and that before replying to it as a whole or reporting upon it to the deputy minister, I would like to draw attention to the third paragraph: 'In my opinion these 764 emigrants should have been considered as landing in Canada from the United States, and therefore there is nothing payable to the North Atlantic Trading Company on their account.'

It is not clear to me what your meaning is, as I presume that you would not contend that immigrants arriving in Canada from European countries via New York should be regarded and treated by us as immigrants from the United States.

Your obedient servant,

The Auditor General. L. M. FORTIER, *For Supt. of Immigration.*

AUDIT OFFICE, OTTAWA, October 6, 1906.

SIR,—I have to acknowledge receipt of your letter of 29th ulto., referring to the third paragraph of my letter of 6th ulto., which reads as follows: 'In my opinion these 764 emigrants should have been considered as landing in Canada from the United States, and therefore there is nothing payable to the North Atlantic Trading Company on their account.' You say that it is not clear to you what my meaning is, as you presume that I would not contend that immigrants arriving in Canada from European

countries via New York should be regarded and treated by us as immigrants from the United States. In reply I beg to say that it was not my intention to convey the idea that, because these immigrants arrived from European countries via New York, therefore there was nothing payable to the North Atlantic Trading Company on their account. It was rather the idea that these immigrants might have been immigrants in the first place to the United States, and who afterwards for some reason, not connected with the North Atlantic Trading Company, decided to remove to Canada. They were in a different position from those landing at Canadian ports direct from the steamer. In the latter case you have the connection complete, viz., the departure of the steamer from European ports, the ship's manifest containing the names, occupation, &c., certified by the ship's officials, and the examination by your officials on their arrival at the Canadian ports. In the former case, on the arrival of the ship, say at New York, your agent at that place had the opportunity to examine the manifests and compare them with the statements of the emigrants, but there the chain of evidence was broken, as it appeared to me that no further trace was kept of the emigrants for the purpose of seeing that they came to Canada, the next step being the examination by your agent at Montreal of passengers arriving in Montreal by United States trains. The lists presented to me for examination appeared to be made up solely from the statements of emigrants that they had arrived in the United States by certain steamers on certain dates, their nationality, occupation, destination, &c. This impression was confirmed by a comparison of some of these lists with the copies of manifests furnished me. I think with this explanation you will easily see the reasons for my conclusions. If you can establish in a reasonable degree by comparison between the original manifests and the lists made up by your agent at Montreal that these emigrants landed at United States ports from European ports and came direct to Canada, and that they can fulfil the requirements in the same way that those landing direct at Canadian ports can, it may materially alter my opinion as to whether payment of bonus on their account is due to the North Atlantic Trading Company.

I am, sir, your obedient servant,

The Superintendent of Immigration. J. FRASER, *A.G.*

Interior Dept., Ottawa, November 5, 1906.

Sir,—With further reference to your letter of September 6, last, addressed to the Deputy Minister of the Interior, a letter from my office dated September 29, last, inquiring as to the exact meaning of a specified sentence in the same, and your reply of the 6th ultimo, I beg to state that in accordance with the suggestion made by you, an officer of this department has made a careful comparison of the list of 764 names reported by our Montreal agent with the manifests, and finds that the persons reported arrived at the United States ports direct from European ports en route to Canada. The lists are being returned to you duly certified to by the officer making the comparison. With regard to the alleged discrepancies, I may say that passengers arriving at Montreal *ex* ss. *Ivernia,* on July 1, 1905, reached Boston on June 29, and as the manifests supplied you commenced with the date of July 1, the names given by our Montreal agent naturally did not appear upon manifests in your possession. The same reason applies to the *Graf Waldersee,* which reached New York on June 30. In the case of the Bechmann family, reported by our Montreal agent as arriving *ex* ss. *Slavonia,* this is a mistake, the family referred to reaching New York on July 2, 1905, *ex* ss. *Blucher.* The names being found on the New York manifest, page 2, lines 4 to 9, inclusive. In the case of the nine names reported by our Montreal agent as arriving on

the ss. *Ultonia,* and for which no manifest was presented to you, this was a mistake of the party at the United States port preparing the copy of the manifest for this office. The names appear on the manifest of the ss. *Ultonia* at New York, page 37, lines 18 to 22, page 38, line 4 and page 40, lines 26 to 28. In the case of the nine passengers reported as arriving in Montreal on September 14, *ex* ss. *Graf Waldersee,* which reached New York on September 21, this family reached New York on August 11, but were detained there for one month on account of sickness in the family.

From these examples you will see that the discrepancies between the two lists were caused

(1) By clerk preparing list at United States port neglecting to report all passengers destined to Canada.

(2) Agent at Montreal reporting wrong name of ship.

(3) Passengers being detained at the United States port on account of sickness, lack of money or other reason.

With regard to occupation, it was, of course, necessary for us to accept the statement made to our agent at Montreal, the same as we do at Quebec, Halifax or St. John. The question of a certificate by an officer of the department of the expenditure of the North Atlantic Trading Company, required under section 3 of the contract will receive the immediate attention of the department.

The Auditor General. W. D. SCOTT, *Supt. of Immigration.*

Irregularities in Travelling Accounts of Immigration Agents.

AUDIT OFFICE, OTTAWA, November 16, 1906.

SIR,—On examining the accounts for travelling expenses of your travelling immigration agents, I find that a great many irregularities occur therein. I have examined G. A. Johnstone, L. Kehoe, H. W. Ross, G. P. Ward and Jas. White in reference to their vouchers sent in in support of their expenses and, with the exception of L. Kehoe, they have all admitted that some of the receipts purporting to have been given by the Canadian Pacific Railway officials for pullman fares are not genuine, having been made out by themselves, and the coupons for meals on the dining car have not been received in the regular way. I have not yet had an opportunity of examining H. Charlebois and J. O. Cowan, as they have not returned from Winnipeg, but I expect them in a day or two. I am satisfied that their accounts are in the same irregular condition as the rest. I have sent copies of the evidence taken under oath to Mr. Scott, Superintendent of Immigration. Under the circumstances I am unable to accept the accounts of these men, and will have to return them to your department, where they can be examined and a refund obtained of the amount of the advances not properly accounted for.

I am, sir, your obedient servant,

The Minister of the Interior. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, November 16, 1906.

SIR,—Since writing you to-day in connection with immigration agents' travelling expenses I have seen Mr. J. O. Cowan, and he admitted at once that some of his vouchers were irregular, and expressed his desire to make a refund of whatever amount was charged above his actual expenditure.

I am, sir, your obedient servant,

The Minister of the Interior. J. FRASER, *A.G.*

Re **Macleod Sub-agency.**

AUDIT OFFICE, OTTAWA, April 7, 1906.

SIR,—On the return of 'revenue not included in agents' returns' for the month of December last, I find the following entry, viz.:

'Dec. 29, D.R. 914. Joseph Nixon, late sub-agent at Macleod, suspense acct., $200, acct. homestead fees, &c.'

The terms 'suspense account' and 'on account of homestead fees, &c.,' do not convey anything sufficiently definite for the purposes of examination, therefore, I have to ask you to furnish me with a detailed statement of the account at your early convenience.

I would be glad to have an explanation as to how this money came to be deposited in the Bank of Montreal, Ottawa, instead of the Lethbridge agency of the same bank, as Mr. Nixon was a sub-agent of the D.L.A., Lethbridge.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, April 20, 1906.

SIR,—I am directed to acknowledge the receipt of your letter of the 7th instant, with reference to $200 deposited in the Bank of Montreal, Ottawa, on December 29, last, to the credit of Dominion lands revenue on account of Mr. Joseph Nixon, late sub-agent at Macleod. In reply, I am to inform you that when it was first reported to the department that revenue had been collected by Mr. Nixon and not accounted for, instructions were given by the deputy minister to withhold Mr. Nixon's salary cheques. Four cheques of $50 each were so held, and in December last deposited to the credit of Dominion lands revenue, to cover any homestead fees, &c., collected by Mr. Nixon and not accounted for to the department. I may add that up to the present time only one item of $10 said to have been paid to Mr. Nixon by Mr. Michael Scheer in connection with the S.W. ¼ 16, 9, 25 W., 4, has been charged against the $200 deposited in suspense account to the credit of Mr. Joseph Nixon.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re **Fines and Forfeitures—Alberta.**

AUDIT OFFICE, OTTAWA, April 12, 1906.

SIR,—The only return received of fines collected in the province of Alberta under Dominion statutes, covers the period prior to September 1, 1905.

Returns are coming to hand from time to time from the province of Saskatchewan on this account, and I should be glad to know why this is not the case with the province of Alberta.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, May 16, 1906.

SIR,—I am directed to acknowledge the receipt of your letter of the 12th ultimo, with reference to fines collected in the province of Alberta, and in reply, I am to inclose herein a copy of a letter just received from the Deputy Attorney General of Alberta on the subject.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

(Copy).

GOVERNMENT OF THE PROVINCE OF ALBERTA,

EDMONTON, ALBERTA, April 30, 1906.

SIR,—I beg to acknowledge receipt of your favour of the 21st instant, in regard to the forwarding to Ottawa of fines collected by this department under Dominion statutes, both prior to September 1, 1905, and also subsequent to that date, and in reply I have to advise you that in respect to fines imposed prior to this date, all collections were transmitted either to the liquidator at Regina or to Ottawa, as I advised you in my letter of January 16. In my letter of that date I also advised you that it was the custom of this department to send all fines imposed prior to September 1, direct to Ottawa as soon as they were received here, no trust account being kept. Since that date no fines imposed prior to September 1 have been received at this department.

In regard to fines imposed subsequent to September 1, 1905, I would be glad if you would let me know to what fines you refer, and also by what authority you claim these should be remitted to the department at Ottawa.

Your obedient servant,

Secretary of the Department of Interior. S. B. WOODS, *Deputy A.G.*

AUDIT OFFICE, OTTAWA, May 22, 1906.

SIR,—I have received your letter of the 16th instant, inclosing copy of a letter from the Deputy Attorney General of Alberta, in which he inquires what fines are payable to the Dominion treasury and the authority therefor.

The Criminal Code, Act 63-64 Vict., chap. 46, sec. 927, defines the fines and forfeitures payable to the provincial treasury, and those payable to the Dominion treasury.

Subsection (*a*) provides that all fines, &c., imposed for breach of any of the revenue laws of Canada, &c., shall be transmitted to the Receiver General and form part of the consolidated revenue fund of Canada. This subsection embraces such Aets as the Customs, Inland Revenue, Post Office, Fisheries, Trade and Commerce, &c. Fines under the Indian Act should also be transmitted to the Receiver General to be credited to Indian fund. (See R. S. chap. 43, sec. 94).

I am, sir, your obedient servant,

The Secretary, Dept. of the Interior. J. FRASER, *A.G.*

Re **Homestead Entries—Edmonton.**

AUDIT OFFICE, OTTAWA, June 12, 1906.

SIR,—Upon examination of the return of the Dominion lands agent at Edmonton for the month of March, last, I find that the homestead entry fee prescribed by section 34 of the Dominion Lands Act has not been collected on the following entries granted, nor do I find any explanation why it was not collected, viz.:—

Receipt Nos. 179403, 179406, 179410, 179411, 179413, 179414, 179415, 179417, 179424, 179425, 179429, 179430, 179431, 179432, 179477.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, June 25, 1906.

SIR,—I am directed to acknowledge the receipt of your letter of the 12th instant, having reference to certain homestead entries which were granted without payment of the usual entry fees, and in reply to say that the entries to which you allude were granted under special circumstances, with the intention that the fees should be paid later on.

I am further to say that the agent of Dominion lands at Edmonton has now been advised that the entries in question will not be confirmed until the fees have been paid.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re **Homestead Entries—Winnipeg.**

AUDIT OFFICE, OTTAWA, June 14, 1906.

SIR,—I find that homestead entries have been granted for the following fractional quarter-sections over 80 acres each at $5, by the Dominion lands agent at Winnipeg, viz.:—

Receipt No. 128396, Wm. Laing, 85 acres, Fr. S.E. ¼ sec. 34, tp. 15, r. 11, east 1st meridian.

Receipt No. 128410, Peter J. Dalquist, 83 acres, Fr. S.W. ¼ sec. 16, tp. 15, r. 11, east 1st meridian.

Receipt No. 128415, Antony Smereczenski, 84·6 acres, Fr. N.W. ¼ sec. 22, tp. 18, r. 2, east 1st meridian.

Please let me know why the usual entry fee of $10 was not collected in each case.

I am, sir, your obedient servant,

The Deputy Minister, Interior Dept. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, September 10, 1906.

SIR,—With reference to your letter of June 14, last, in which you draw attention to the fact that entry fees of $5 only were charged for certain fractional half-sections, I am directed to state that the $5 entry fee only was exacted in the case mentioned, under a departmental ruling which has now been annulled, and that a circular letter is now being sent to all agents of Dominion lands, instructing them that in the future a $10 fee is to be charged in all cases for an entry for a half-quarter section, containing a greater area than 80 acres.

The cases to which you allude are as follows:—

Receipt No. 128396, Wm. Laing, 85 acres, Fr. S.E. ¼ sec. 34, tp. 15, r. 11, east 1st meridian.

Receipt No. 128410, Peter J. Dalquist, 83 acres, Fr. S.W. ¼ sec. 16, tp. 15, r. 11, east 1st meridian.

Receipt No. 128415, Antony Smereczenski, 84·6 acres, Fr. N.W. ¼ sec. 22, tp. 18, r. 2, east 1st meridian.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re Balance of Homestead Entries—Yorkton.

AUDIT OFFICE, OTTAWA, October 3, 1906.

SIR,—On January 23, last, the Dominion lands agent at Yorkton deposited to his credit in the Union Bank of Canada, Yorkton, the sum of $5,895, being, according to a copy of a letter from him dated June 13, 1906, the balance of $5 fees on account of Doukhobor entries, received from Mr. S. Reibin.

This sum was deposited to the credit of the Receiver General on June 15, last, and classified as 'suspense account.'

Please let me know why the usual receipts were not issued to the parties entitled thereto, and why the item was not classified as homestead entry fees.

I am, sir, your obedient servant,

The Deputy Minister of Interior. JOHN GORMAN, *for A.G.*

INTERIOR DEPT., OTTAWA, November 13, 1906.

SIR,—Referring to your letter of October 3, 1906, with reference to the balance of the homestead entry fees paid by the Doukhobors, I am directed to inclose herewith a copy of a letter to the agent of Dominion lands at Yorkton on the subject, and his reply thereto, together with a list of the entries on which the balance of $5 fees have been paid.

Your obedient servant,

The Auditor General. L. PEREIRA, *Asst. Secretary.*

(Copy).

DEPARTMENT OF THE INTERIOR, OTTAWA, October 8, 1906.

SIR,—I am directed to inclose herein copy of certain correspondence which took place in July, 1903, between the Auditor General and the Deputy Minister of the Interior with reference to the acceptance by you in April, 1903, of $5 each, instead of $10, on 1,700 homestead entries granted to Doukhobors in the Yorkton district. In this connection please inform the department if the $5,895 received by you from S. Reibin, on January 23, 1906, and deposited to the credit of the Receiver General on June 15, last, is intended in part payment for fees to cover the entries granted by you to the Doukhobors in April, 1903? If so, I am to ask why you did not report the payment in the weekly returns, giving the entrant and land covered by each $5 so paid? Please have a special statement prepared in duplicate, showing in detail the name, land and amount in each case making up the $5,895 in question, and forward it to the department at once. I am to add that this information is required by the Auditor General, and should be furnished with the least possible delay.

Your obedient servant,

JAS. E. PEAKER, Esq., A.D.L., Yorkton, Sask. P. G. KEYES, *Secretary.*

(Copy).

DEPARTMENT OF THE INTERIOR, YORKTON, October 30, 1906.

SIR,—I beg to acknowledge your letter of the 8th instant, file No. 553570, inclosing copy of certain correspondence which took place in July, 1903, between the Auditor General and the Deputy Minister of the Interior with reference to acceptance by me, in April, 1903, of $5 each instead of $10, on 1,700 homestead entries granted to Doukhobors in the Yorkton district, and in reply, have to inform you that the $5,895 received by me from Simeon Reben on January 23, 1906, and deposited to the credit of the Receiver General on June 15, last, is intended in part payment for fees to cover the entries granted by me for Doukhobors in April, 1903. A certain amount of this money has been reported to you in the usual returns, but the whole of the payment could not be carried out according to the regulations on account of it involving so much clerical work which could not be accomplished on account of the number of homestead entries being granted, along with other work, occupying the whole time of the members of my staff. I am inclosing herewith in duplicate a special statement, furnishing the name, land, and amount as far as known, where the balance of $5 is still unpaid. There are several cases where fees have been transferred on account of the entries having been cancelled, having been granted on land where Doukhobor villages had been built. Each of these transfers has to be investigated to ascertain if the balance of $5 was paid on the original entry. It must be understood that the $5,895 does not necessarily represent the exact amount which is owing by the Doukhobors on the balance of the homestead entries. This amount was furnished to Mr. Peter Verigin as an estimate that the sum would not be very far astray from the required amount either one way or the other, so that it may be possible that the Doukhobors will require to pay a further sum, or on the other hand, a refund check for a small amount may have to be issued to the Doukhobors.

Your obedient servant,

The Secretary, Department of the Interior. JAS. E. PEAKER, *D.L.A.*

Re **Free Miners' Certificates— Whitehorse.**

AUDIT OFFICE, OTTAWA, June 20, 1906.

SIR,—Free miners' certificate No. 59766, issued to Mr. R. Fullerton, on December 16, 1905, by the mining recorder at Whitehorse, is a renewal of No. 106214, which expired on November 30, 1905. The fee collected was $3.50, and expires on the 30th of the present month.

Under the order in council of March 13, 1901, an additional fee of $5 should have been collected for antedating the renewed certificate.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, July 25, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 20th ultimo, with reference to free miners' certificate No. 59766, issued in favour of Mr. R. Fullerton, on December 16, 1905, by the mining recorder at Whitehorse, and in reply to inform you that this certificate was issued in renewal of No. 105214 which expired on November 30, 1905. You point out that an additional fee of $5 should have been collected in connection with this certificate. In reply I am to inform you that the mining recorder at Whitehorse has been asked to collect this additional fee.

In reference to your letter dated April 3, last, with respect to royalty receipt No. 18003, I beg to inform you that this receipt was issued in October last, to Mr. R. V. Nye, for confiscated gold dust, and for some reason was held by the recorder pending instructions from the comptroller. The receipt, however, has now been returned cancelled, and is hereto attached.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re **Dominion Lands Revenue.**

AUDIT OFFICE, OTTAWA, August 14, 1906.

SIR,—I have to call your attention to the practice that has grown up recently of your agents in Manitoba and the Northwest Territories, using the revenue to meet the contingencies of their offices. They allege that they have not received any remittances from your department for several months. In one case where a separate bank account is kept for expenditure transactions, interests is paid to the bank for overdrafts.

You are no doubt aware that the Audit Act specifically directs that all the revenue shall be deposited to credit of the Receiver General. In a sense this is done, as the shortage at the close of each month is made up from the revenue of the succeeding month. Such a proceeding is quite irregular, and should be stopped.

I shall be glad to hear from you that steps will be taken in future so that the agents will not be required to use the revenue.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, September 21, 1906.

SIR,—I am directed to acknowledge the receipt of your letter of the 14th ultimo, with reference to the Dominion lands agents using the revenue to meet the contingent expenses of their offices, and to inclose herein copy of a circular letter which has just been mailed to the inspectors, Dominion lands, Crown timber agents and the superintendent of the Rocky Mountains park.

Your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

(Copy of Circular).

INTERIOR DEPT., OTTAWA, September 21, 1906.

SIR,—I am directed to inclose herein copy of a letter received from the Auditor General in which he points out that some of the Dominion lands agents have been using the revenue to meet the contingent expenses of their offices.

It is hardly necessary to state that this is entirely irregular, and the deputy minister directs that it must be stopped.

Your obedient servant,

P. G. KEYES, *Secretary.*

Re Binder Twine Industry.

AUDIT OFFICE, OTTAWA, June 23, 1906.

SIR,—In the return for August last credit is taken for 44,223 lb. Pure Manilla Twine N. S. shipped. 650 lb. of this quantity was returned, and it does not seem to have been charged back to stock.

In the December returns, credit is taken for 3,000 lb. Rope yarn shipped, for which nothing has come to account. Possibly this yarn was used in manufacture of rope.

Please let me have the tariff now in force for twine and rope; also a copy of any contracts with purchasers, if any

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. FRASER, *A.G.*

1—4M

DEPARTMENT OF JUSTICE, OTTAWA, June 27, 1906.

SIR,—Referring to your letter of the 23rd instant, I inclose a memorandum from the Accountant of the Kingston Penitentiary giving the explanations which you asked for.

I am, sir, your obedient servant,

A. POWER, *Act. Dep. M. of J.*

The Auditor General.

KINGSTON PENITENTIARY, KINGSTON, June 26, 1908.

The Inspectors of Penitentiaries,
Ottawa, Ont.

GENTLEMEN,—I beg to acknowledge the receipt of your letter of the 26th instant, inclosing that of the Auditor General regarding Binder Twine.

Re the 650 lb. of twine which was returned to us in August, I beg to say this twine was received into stock at that time, and appears on the monthly statement included in the amount of twine manufactured, the actual number of lbs., manufactured being 69,063, while our report showed 69,713.

Regarding the 3,000 lb. rope yarn which appears in the shipping column of our monthly statement for Dec., 1905, I beg to say as rope yarn is only used in the manufacture of rope, we did not consider it necessary to specially mark it; it, like all other rope yarn which we have manufactured, was used in the manufacture of rope.

If the rope industry is to be continued, I would ask permission to prepare for your sanction, a monthly statement, in which a column 'Used in the manufacture of Rope' would appear, this would avoid all confusion with the goods 'Shipped during the month'.

Trusting this arrangement will be satisfactory.

I am, &c.,

W. S. HUGHES, *Acct. & Clerk of Industry.*

Re Binder Twine, Outstanding.

AUDIT OEFICE, OTTAWA, August 21, 1906.

SIR,—There was shipped in June last, Binder Twine to the value of $10,855.78 principally to five parties in Manitoba and Alberta.

Your Revenue return for the month of June, which was only received a few days ago, does not include any deposit to cover these shipments.

I have to ask for explanations.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, OTTAWA; Aug. 23, 1906.

SIR,—Referring to your letter of the 21st., inst. I have to state that, by the Minister's direction, the warden was authorized to ship a quantity of twine to certain localities in order to meet emergent orders that might be received during the harvest. This twine will be accounted for when the season's operations shall have been completed.

As regards the Revenue return having been received by you only a few days ago, I have to state that it was forwarded to you before the accounts of the fiscal year 1905-7 were closed. See O. C. 10th July, 1906.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *Deputy Minister of Justice.*

The Auditor General.

Re **Transportation Expenses of Senators.**

AUDIT OFFICE, OTTAWA, April 5, 1906.

SIR,—Let me acknowledge the receipt of the vouchers against your expenditure in March. I notice that the amounts paid the Senators for their actual moving or transportation expenses from their place of residence to Ottawa are not in any detail. The general headings of the expenses, at least, should be given.

The Act states that every Member shall furnish the Clerk with a statement of his actual moving or transportation expenses. The wording of the section would, in my opinion, preclude living expenses, and the statement should be in sufficient detail so that the correctness of the amount charged may be determined.

The statement, the Act says, shall be certified by the Clerk. The Clerk's certificate on the form sent as a voucher merely says that the statement was sworn to before the Clerk—a fact that is evident if the certificate were not there. The original certificate on the form (this certifiate is now struck out) wherein the Clerk certifies that to the best of his knowledge and belief the foregoing statement, that is the Senator's statement of his actual moving or transportation expenses, is correct and true would appear to be the only one that would meet the requirements of the Act.

I am, sir, your obedient servant,

The Clerk of the Senate. J. FRASER, *A.G.*

THE SENATE, CLERK'S OFFICE, OTTAWA, April 7, 1906.

SIR,—In answer to your communication of the 5th instant, on the above subject, I would state that so long as the law will be framed in language susceptible of different interpretations, so long will the difficulty heretofore met with, in obtaining a uniform compliance with it, arise. I cannot certify to a statement being correct and true if I am not placed in a position to know all about it at the same time, I cannot refuse to accept that statement when sworn to and apparently made out in accordance with the provisions of the Act requiring it. The trouble is that the word statement in the Act, (chap. 43 of 4-5 Ed. VII) is too indefinite ; in order to enable those interested to arrive at your idea of the meaning of that word and cause them to furnish a statement accordingly, it should have read 'a detailed statement of the items paid on account of actual moving or transportation expenses, subsistence not included.' And even then, there would have been a diversity of statements, for if you will take the trouble to compare the statement made by a Senator from British Columbia with that of a Senator from Manitoba, (both of which are in your dept.) you will ascertain that the latter charged $102 for one-half of the distance travelled by the former, who only charged $70 ; the discrepancy being explained by the difference in the cost of travelling in a drawing room compartment, as compared with that of an ordinary seat in a sleeping car, &c. The only way to get at uniformity in the matter would be to fix a mileage allowance of say ½c. per mile for railway travelling and a proportionate amount for horse vehicle.

While on this subject, altough not quite pertinent to your letter, I would remark that that part of the Act before mentioned, which refers to the allowance to be paid to Senators for the attendance at a Session is also defective ; the words *attendance* and *Session* in the absence of a proper interpretation of them embodied in the Act itself are too indefinite to secure a uniform and proper compliance with the provisions of the Act, as contemplated by the remuneration allowed for services expected to be performed under it.

I have the honour to be, sir, your obedient servant,

The Auditor General. SAM'L. E. ST. O. CHAPLEAU, *C. of the S.*

AUDIT OFFICE, OTTAWA, June 15, 1906.

SIR,—4-5 Edward VII, Chap. 43, Sec. 30, reads as follows:—'For each session 'of Parliament hereafter held, there shall also be allowed to each member of the Senate 'and of the House of Commons his actual moving or transportation expenses between 'his place of residence and Ottawa, going and coming once each way, etc.'

A question has arisen as to what should be included in 'actual moving or transportation expenses,' one view being that it should include only cab or carriage hire, steamboat fares, parlour and sleeping cars and such charges as are usually paid for carrying persons from one place to another. Another view is held, viz.:—that in addition to the above the amounts paid for meals, hotels and the other expenditures incidental on travelling should be allowed.

Would you be good enough to give me your opinion as to the correct interpretation of this section of the Act?

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. FRASER, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, June 19, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 15th instant in which you ask for my opinion as to the proper interpretation of Section 30 of the Senate and House of Commons Act as that section is enacted by Section 7 of Chapter 43 of the Statutes of 1905.

The section deals with travelling expenses of the Members of the Senate and House of Commons, and it provides as follows:—'For each Session of Parliament hereafter held, there shall also be allowed to each Member of the Senate and of the House of Commons his actual moving or transportation expenses between his place of residence and Ottawa, going and coming once each way.' The question in doubt is as to whether the term 'actual moving or transportation expenses' includes what are known as living expenses, that is moneys paid for meals, hotels and the like, or only such charges as are usually paid for carrying persons from one place to another.

I am of opinion that the latter is the true interpretation. The same expression is found in another Act passed in the same Session, namely, Chapter 31, being an Act to amend the Act respecting the Judges of the Provincial Courts, Section 6 of which repeals the former provisions with respect to travelling allowances and substitutes new provisions in that regard under which all the Judges are to receive in addition to their moving or transportation expenses the sum of $6.00 for each day during which they are attending Court. The expression has long been in use (or other expressions to the like effect) as exclusive of the living expenses and there is no doubt that in the Judges' Act above referred to, it is used in that sense, the $6.00 a day being intended to cover living expenses and other expenses not allowed as moving or transportation expenses.

Such being the case, I think it is impossible to construe the corresponding Section in the Senate and House of Commons Act amendment in any other way, and I am of opinion that under Section 30 as enacted by the Act of last Session only moving and transportation expenses in the sense above explained can properly be allowed.

I have the honour to be, sir, your obedient servant,

The Auditor General. A. POWER, *for D. M. J.*

Note by A.G.—The Act was amended so as to include living expenses.

AUDIT OFFICE, OTTAWA, Oct. 11, 1906.

SIR.—Referring to your expenditure on account of indemnity and transportation expenses, Session 1906, I have to call your attention to the following:—

Senators Choquette, Davis, Godbout, Jones, King, A. A. Macdonald, R. Mackay, McMillan, Owens and A. A. Thibaudeau were each absent, according to the Minutes of

Proceedings, one day more than the number charged against them, making an overpayment of $15 in each case. Senator Carling was absent two days and Senator McLaren four days more than the number charged against them, making overpayments of $30 and $60 respectively.

Senator Baird, Perth Centre, N.B., and Senator Vidal, Sarnia, Ont., commuted the travelling and living expenses to the $15 per day, going and coming, and each were paid $60. It would appear that both reside within 400 miles of Ottawa and are entitled to actual living and transportation expenses only. Mr. Pardee, of the House of Commons, who resides at Sarnia, was allowed his actual expenses only, amounting to $7.

I am, sir, your obedient servant,

The Clerk of the Senate. J. FRASER, *A.G.*

THE SENATE OF CANADA, OTTAWA, 16th October, 1906.

SIR.—I have the honour to acknowledge receipt of your letter of the 11th instant.

It would appear that Senators Choquette, Godbout, Jones, King and Owens, who were paid off before the 13th July on the supposition that the session would close on the 12th, will have to be called upon to refund $15 each.

Hon. Mr. Davis' account was very carefully gone over ; he claimed presence on one day when his name was left off, which was not allowed ; otherwise his account is correct.

Hon. A. A. Macdonald was present on the 25th April, though his name was left off.

Hon. Mr. Mackay made his declaration after the close of the session and his account was settled on that basis.

Hon. Mr. McMillan was paid less deduction for 17 days ; 2 days over the 15 allowed ; a cheque for $15 was sent him after wards on receipt of a letter stating that he had lost only one day.

Hon. Mr. McLaren will be asked to refund $60.

Hon. A. A. Thibaudeau was paid less deduction for 24 days—15. He declared 22 days up to the 11th July and was absent on the 12th and 13th. Deduction was made for 9 days, which is correct.

Hon. Sir John Carling lost 18 days through illness before his first attendance ; any subsequent absence would be due to that cause.

Perth Centre, N.B. and Sarnia, Ont, are 615 and 425 miles distant from Ottawa, respectively. Apparently Mr. Pardee neglected to claim the additional amount due to him, after the Act was amended.

I have the honour to be, sir, your obedient servant,

A. A. BOUCHER,

The Auditor General. *Deputy Clerk of the Senate.*

AUDIT OFFICE, OTTAWA, Oct. 23, 1906.

SIR.—I am in receipt of your letter of the 16th inst. relative to certain payments on account of Senate Indemnity and Transportation.

As regards the accounts of Senators Davis, A. A. Macdonald, R. Mackay, McMillan, A. A. Thibaudeau and Carling, referred to, the absent time, as stated in the declaration, differs from the record in the Votes and Proceedings. The absent time in the declarations is in the handwriting of the Accountant of the Senate and presumably made up from the Votes and Proceedings, hence our calling your attention to the discrepancies.

As to the distances of Perth Centre, N.B., and Sarnia, Ont., from Ottawa, please let me know how the 615 and 425 miles as stated by you, are arrived at. When the Bill making provision for this per diem allowance was under discussion in the House, the Minister of Justice stated the distance could be determined by tracing on the map with a pair of callipers a circle with a radius of 400 miles with Ottawa as its centre. If

this is done you will readily notice that both of these places are within the circle. And in reply to an inquiry as to whether the distance from Ottawa would be calculated by railway miles or by putting callipers on the map, the Minister stated that the rule of interpretation would be to measure as the crow flies.

I am, sir, your obedient servant,

The Clerk of the Senate, Ottawa. J. FRASER, *A.G.*

THE SENATE, OTTAWA, 26th October, 1906.

SIR.—I am in receipt of your letter of the 23rd instant. Section 30 of the Act respecting the Senate and House of Commons, as amended by Chap. 48 of last session, distinctly provides, in the case of a member residing more than 400 miles from Ottawa, an allowance of $15 a day "for each day *necessarily occupied* in the Journey;" no mention whatever is made, of reckoning distance "as the crow flies;" on the contrary, provision is made for a member travelling in the only way a man can travel; namely, on the face of the earth, or over water.

The distance from Sarnia to Ottawa is as follows: (vide Railway Guide).

Sarnia to Toronto	170 miles.
Toronto to Ottawa	255 "
	425

And, from Perth Centre:

To McAdam Junct	100 miles.
McAdam Junct. to Ottawa	518 "
	618

Section 31 of the Act, as amended by the said Act, provides for a statement of attendance to be signed and sworn to by a member. The member is made responsible for what he signs and for nothing else; to take any other guide than his sworn statement is to get lost in a maze. The Minutes of Proceedings are not always correct and it often happens that a Senator's name is left out when he was present.

I have the honour to be, sir, your obedient servant,

A. A. BOUCHER,

The Auditor General, Ottawa. *Deputy Clerk of the Senate.*

AUDIT OFFICE, OTTAWA, Oct. 30, 1906.

SIR.—A question as to the interpretation of the 2nd paragraph of Section 2 of Chapter 48, 6 Edward VII, has arisen between the Senate and this office. The section reads as follows: "Any member residing at a greater distance than four hundred miles from Ottawa may commute such allowance for travelling and living expenses receiving in lieu thereof an allowance of $15 per day for each day necessarily occupied in the journey between his place of residence and Ottawa, going and coming once each way, the day of departure and the day of arrival being counted each as a full day."

This office holds the view that the distance of four hundred miles is determined by a circle on the map with Ottawa as a centre and four hundred miles as a radius, and only such Senators who have their residence outside of this circle are entitled to the per diem allowance. This view is based on the language of the Minister of Justice when the proposed legislation was before the House.

The Senate holds the view that the distance is determined by the railway miles, or is the actual distance travelled.

Please give me your opinion as to the correct interpretation of this section of the Act. I enclose you a copy of the correspondence with the Senate on the matter.

I am, sir, your obedient servant,

The Deputy Minister of Justice, Ottawa. J. FRASER, *A.G.*

JUSTICE DEPT., OTTAWA, 14th November 1906.

SIR,—Referring to your letter of 30th ultimo, in which you ask for advice as to the interpretation of subsection 2 of section 30 of the Act respecting the Senate and House of Commons, as that section is enacted by section 2 of Chapter 48 of the Statutes of 1906, I have the honour to state as follows :—

The subsection reads as follows :—'Any member residing at a greater distance than four hundred miles from Ottawa may commute such allowance for travelling and living expenses, receiving in lieu thereof an allowance of fifteen dollars a day for each day necessarily occupied in the journey between his place of residence and Ottawa, going and coming once each way, the day of departure and the day of arrival being counted each as a full day.'

You state that your office holds the view that the distance of four hundred miles is to be determined by a circle on the map with Ottawa as a centre and four hundred miles as a radius, and that only such members as have their residence outside of this circle are entitled to commute under this provision, and you add that this view is based on the language of the present Minister of Justice when the proposed legislation was before the House. The officers of the Senate, on the other hand, contend that 'distance' for the purposes of the subsection means distance by the travelled road, or the nearest mail route.

I am to state that the Minister of Justice is of opinion that in the provision for commutation distance is to be interpreted in its natural sense as meaning the actual distance in a straight line between the member's place of residence and the City of Ottawa.

By the Revised Statutes, Chapter 11, section 30, and the section substituted by the Act of 1891 (c. 21), it was provided that the distance between the place of residence and the place where the session was held should be reckoned according to the 'nearest mail route,' but the members were then paid so much per mile of travel, and this rule was laid down for the purpose only of estimating the mileage. The system of payment by mileage is abolished by the recent legislation and the provision under section 30, as substituted by the Act of 1906 (c. 48, s. 2), is for the payment of 'actual moving or transportation expenses.' Mileage of travel is no longer an element in estimating travelling allowances. The length of the journey is immaterial. It is the 'actual expenses' only, with allowance for living expenses, that counts, and the Minister thinks that under the Act as it stands it is not permissible to import the former rule for the purpose of interpreting subsection 2 of the substituted section. The limit drawn is an arbitrary one, but it does not appear that there could very well be established a limit which was not so. Four hundred miles by the usual mail route would be equally arbitrary.

I should point out that in a close case the method of arriving at the distance stated in your letter might be found inadequate, and that other means of arriving at the exact distance might have to be employed.

I am, sir, your obedient servant,

The Auditor General. A. POWER,

House of Commons—Extra Pay to Permanent Officials.

AUDIT OFFICE, OTTAWA, Oct. 29, 1906.

SIR.—I have to call your attention to the following payments made in July, 1906 :—

Ch. 8416,	S. Clapin	$32 00
" 8418,	"	42 50
" 8490,	"	33 00
" 8417,	R. Tremblay	41 00
" 8419,	L. Laframboise	44 00

The parties to whom these payments were made are permanent officers of the House of Commons and in receipt of regular salaries. These amounts were paid for proof-reading, &c., and were in addition to their regular salaries. The services for which payment was made would appear to be part of their regular duties. Please let me have your authority for this extra pay.

In this connection I would call your attention to the Order-in-Council of August 19, 1899, which states that no extra salaries or additional remuneration of any kind whatsoever shall be paid to any Deputy Head, officer or employee permanently employed in the Civil Service of Canada unless an amount to provide for the payment has first been specially voted by Parliament.

I am, sir, your obedient servant,

The Clerk of the Commons. J. FRASER, *A.G.*

HOUSE OF COMMONS, OTTAWA, 12th November, 1906.

SIR,—Your communication of October 29th was received by me on my return here on November 6th.

It calls attention to the payment of three sums of $32. $42.50 and $33. to Mr. Sylva Clapin ; of $41. to Mr. R. Tremblay and of $44. to Mr. L. Laframboise.

These gentlemen are Assistant Translators of the House of Commons, in receipt of regular salaries as such. The services for which payment was made were, however, not a part of their regular duties but were performed upon special request and as a favour to the Debates Committee in connection with Hansard, as you will see by perusing the letter of the Chief Translator of Debates, Mr. Larose, a copy of which I inclose. Mr. Larose's letter refers to only one account of Mr. Clapin, but the others were of a similar nature and were authorized by me upon verbal explanations to the same effect. Some of this amount will have to be refunded by the person who should have done the work. I understand the work was urgent and that no other qualified persons were available at the time and that the work did not interfere with the regular staff work of the gentlemen named.

I agree with you as to the undesirability of such payments and have given positive orders that it should not occur again.

Our Translators did not wish to do the work but it was pressed upon them as a matter of urgency and they did it to oblige the Hansard Translation Office.

You are good enough to refer to a certain Order in Council. In my view this Order does not technically apply to this case nor can an Order in Council strictly be applicable to the House of Commons, whose officers and employees are not in the Civil Service of Canada but who are governed and directed solely by the authorities and rules of the House. For all practical purposes, however, the House recognizes the reasonableness of the principle announced in the Order and in the main is guided by it.

For your satisfaction I will procure further details as to these payments and inform you as to the outcome of my efforts to procure a refund from the person responsible for this call upon our staff for extra work.

I am, sir, your obedient servant,

THOS B. FLINT,

The Auditor General. *Clerk House of Commons.*

HOUSE OF COMMONS, OTTAWA, July 13th., 1906.

DEAR MR. FLINT,—I am informed by Mr. L. C. Panet that he has asked you to kindly authorise the payment of $32, being the amount of a bill from Mr. Sylva Clapin for work done in connection with Hansard. I certified that bill and had it sent over to Mr. Panet on Mr. Gervais order, he wishing that it should be settled, as it has been left standing for some time. Here are the facts : Up to last year I had but one proof reader—Mr. Gascon—at my office. He did not feel very well for some time, during last session, and that was before Mr. Charlier had been appointed assistant proof reader ; so the work was piling up, and I thought I should report the fact to Mr. Gervais, the Chairman of the Debates Committee, and ask him to allow the hiring of some temporary help. Whereupon he told me to secure the services of the best man I could find, to make him do the proof reading and to file his account, which I did. But for a reason or other, the matter was left standing as I have said, until Mr. Gervais was reminded of the fact a few days ago when he gave me the order mentioned hereabove. It may be alleged that Mr. Clapin being at the service of the House as Translator, this request might be objected to on that ground but allow me to remark that this was a special case where work of a very technical nature had to be done in great hurry, and outside experts could not very well be found at the time. So I had to take one of the men already at the government's service, and Mr. Clapin being about the best I knew of, I went straight to him and entrusted him with the work, in the best interest of the House. Therefore, I hope that with this explanation and under these circumstances, you will see no objection to ordering a cheque to be made out for the amount due him, that is for $32, which is but a small amount after all.

Yours respectfully,

WILFRID LAROSE,
Chief Translator of Debates.

The Clerk of the House of Commons.

Re **Fees and Charges on Private Bills.**

THE SENATE, OTTAWA, August 20, 1906.

SIR,—In answer to your communication of the 18th inst., *re* "Fields' Divorce Act," I would state that the Senate granted the request of Mrs. Fields, to enter her suit for divorce *in forma pauperis*, which accounts for the absence of the usual fee in her case.

I have the honour to be, sir, your obedient servant,

The Auditor General. SAM'L E. ST. O. CHAPLEAU, *C.S.*

AUDIT OFFICE, OTTAWA, August 17, 1906.

SIR,—I have to call your attention to the following observations arising out of the examination of the revenue from Private Bills and charges thereon:—

No payment seems to have been made to the Ontario *Gazette* for advertising in 1904-05 nor in 1905-06.

The charges for printing Private Bills introduced in House of Commons is not less than $11.90 in many cases more.

The charges for printing Private Bills, principally Divorce Bills, introduced in the Senate seems to be only $8.

The total charges for advertising for 1904-05 were for Senate $434.44, for House of Commons $685.08. The charges for 1905-6 were $604.86 for Senate and $1,370.19 for House of Commons.

There is no uniformity between the proportion of advertising charges to Senate and House of Commons. The latter is generally larger, sometimes twice as much, some times over three times. In the case of the Prince Edward Island *Gazette* the same amount is charged to each.

It might be advisable that the officers of one of the Houses, should control the advertising for both, get the accounts, and determine the amount chargeable to each.

I am, sir, your obedient servant,

The Clerk of the Senate. J. FRASER, *A.G.*

THE SENATE, OTTAWA. August 20, 1906.

SIR,—Replying to your letter of the 17th instant, on the above subject, I would state with reference to the Ontario *Gazette*, that no payment has been made to them for advertising, because no account has been rendered by them to this office, although they were written once or twice on the subject. As to the sum of $8.00 collected by the Senate for the printing, &c. of Private Bills, it is according to an understanding had with the House of Commons of charging $4.00 per page; in some cases additions were made to Bills in course of legislation which have increased the amount of printing, on which no additional charge has been made, but account will be taken of those changes in future. The charge for printing and translating divorce Bills has been fixed by the Senate at $10.

With reference to advertising in the Official Gazettes of the several provinces, the Rules of the two Houses are now so different as to necessitate a separate advertisement in each case.

I have the honour to be, sir, your obedient servant,

The Auditor General. SAM'L. E. ST. O. CHAPLEAU, *C.S.*

HOUSE OF COMMONS, OTTAWA, 27th September, 1906.

SIR,—Your letter dated 17th August, 1906, and addressed to the Clerk of the House, re *fees and charges on Private Bills*, has been referred to me, and in reply I beg to say, that no account was received from the Ontario *Gazette* for advertising Private Bill Rules in the years you mention. Consequently, no payment was made; the account, however, judging from past experience, will be sent in probably this coming session and then be paid after being audited and certified to.

The charges for printing Private Bills introduced in the Commons is in accordance with the rates fixed by the King's Printer—the $11.90 you refer to includes printing 850 copies of the bill in English and 250 in French—and 500 copies of the Act in English and 250 in French as printed in the Laws; also the cost of translation.

Your observation respecting the charges for printing Private Bills introduced in the Senate, has been noted.

The charges for advertising Private Bill Rules in the Official Gazettes of the several provinces are in accordance with the rates fixed and advertised by those papers, and are not paid until the King's Printer has certified the account as being correct.

Certain Private Bill Rules are common to both Houses; in such case a joint advertisement is published and the cost equally divided. Special Rules of the Commons are paid for by the Commons. I understand the same course is followed by the Senate. The special Rules of the Commons so published probably are more lengthy than those of the Senate, which would account for the heavier charge.

When any doubt as to an account for advertising Private Bill Rules arises, the proper officers of the Senate and Commons look into and settle the question.

Your suggestion that an officer of one of the Houses of Parliament should control the advertising for both would not, I think, meet with approval.

I have the honour to be, sir, your obedient servant,

E. P. HARTNEY,

Examiner Private Bills, House of Commons.

The Auditor General.

Supplies Purchased without calling for Tenders.

AUDIT OFFICE, OTTAWA, August 14, 1906.

SIR,—I beg to bring to your notice the accounts rendered by the following persons in support of payments made during the fiscal year 1905-6 from the appropriation for maintenance of lights, New Brunswick, and to ask if the supplies furnished in each instance were at prices determined by tenders publicly called for or if they are the ordinary retail prices of the articles enumerated.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, September 13, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 14th ultimo, calling attention of the department to various payments made during the fiscal year 1905-6 from the appropriation for maintenance of lights, New Brunswick, and inquiring if the supplies furnished in each instance were at prices determined by tenders publicly called for or if they are the ordinary retail prices of the articles mentioned.

In reply, I am to inform you that when contracts have been made you will find the accounts certified thus by the agent:

'I certify that the above was ordered and that the prices charged are according to contract.'

When there is no contract the prices are usually determined by tenders, which are invited from various firms dealing in different kinds of material or goods required by the department; these tenders being called for at the beginning of every year.

Further, I may say that if some goods are purchased, which were not supposed to be needed, and therefore, for which no tenders were invited, the wholesale price only is allowed. As regards the labour, it is paid according to regular well-known rates.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, August 14, 1906.

SIR,—I beg to bring to your notice the accounts rendered by the following persons in support of payments made during the fiscal year 1905-6 from the appropriation for maintenance of lights, Nova Scotia, and to ask if the prices of the supplies furnished in each instance were determined from tenders publicly called for or if they are the ordinary retail prices of the several articles enumerated thereon:—

and in reply, I am to inform you that every year at the beginning of the fiscal year, circulars are sent out of the Halifax agency to several firms, dealing in the class of goods required, asking prices, and the purchases are made from the firms offering lowest prices.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, June 30, 1906.

SIR,—I beg to bring to your notice the various accounts rendered during the current fiscal year by J. B. Coté, Quebec, for sundry lighthouse supplies, amounting, so far as the vouchers sent me show, to nearly $5,000, and to inquire if the prices, certified in each case by Mr. Gregory, are the ordinary retail prices or prices specially agreed upon in view of the large quantities purchased.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, July 16, 1906.

SIR,—With reference to your letter of the 30th ultimo inquiring about the various payments, amounting to nearly $5,000, made by the department to Mr. J. B. Coté during the present fiscal year for sundry lighthouse supplies, and asking to be informed

if the prices certified to by Mr. Gregory were ordinary retail prices or prices agreed upon, I beg to transmit to you a copy of a letter received from Mr. Gregory with his explanation, viz.:—

'I have the honour to inform you that all new work done by Mr. Coté has been at fixed prices specially agreed upon, and his prices lower than others for similar work.

'The repairing of oil tanks, lamps, &c., no prices can be fixed. When the work is completed satisfactorily the prices charged are examined into, and if found fair and just the accounts are certified.

'It has been remarked the excellent workmanship that comes from J. B. Coté's establishment, and the promptitude with which he delivers his work, and he has experience and also models, &c., and skilled workmen. All his work has been satisfactory and prices just.'

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *for D.M.M.F.*

NOTE BY A.G.—Letters of similar import to the above were written in regard to purchases from several other firms and persons in Quebec agency and similar replies received.

AUDIT OFFICE, OTTAWA, June 23, 1906.

SIR,—During the current fiscal year, or so far as vouchers in support of your expenditure have been sent me, the department has purchased from Lewis Bros., Limited, Montreal, hardware and hardware supplies to the amount of $6,560.12 for the Dominion Lighthouse Depot at Prescott. The certificate on the various vouchers gives the prices as fair and just, but there is no evidence that there was any agreement beforehand with Messrs. Lewis to fix a price in view of the large quantity of supplies which the department would need to purchase from them. Are the prices certified as fair and just the ordinary retail prices?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 17, 1906.

SIR,—I have to acknowledge receipt of your letter of June 23 with reference to supplies purchased by this department for the Dominion Lighthouse Depot at Prescott, from Lewis Bros. & Co., Montreal, and asking in effect if there was an agreement beforehand with Messrs. Lewis to fix a price in view of the large quantity of supplies which the department would need to purchase from them, and asking further if the prices referred to above are those which obtain at retail.

In reply to your letter, I beg to state that it is a very difficult matter for the department to determine in advance the quantity of the various supplies which would likely be needed. In many cases the quantity required is small but in the aggregate the amount appears large. The prices have been carefully checked by the officers at the depot and are considered reasonable by them, before the accounts are forwarded for payment.

With reference to purchases from the firm mentioned above, I may state that in the majority of cases the items supplied to the department are quoted on before the order

is placed. Occasionally, small orders have been given at different times without having previous quotations, but the department paid the regular wholesale price ruling at the time.

The department is considering the possibility of estimating the requirements for a year, but I may state that it is not at all probable that even a large percentage of what may be required can be estimated in advance.

I may state for your information that it is the practice of the department to ask for quotations from several reliable firms before placing orders for supplies. In certain cases of emergency it may not be practicable to do this, but the rule is carried out as far as possible.

I am, sir, your obedient servant,

F. GOURDEAU, *D.M.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 25, 1906.

SIR,—I find on examination of the vouchers sent me in support of expenditure made under letter-of-credit during the current fiscal year, that McKelvey & Birch, Kingston, have been paid on accounts for hardware, $5,870.13. These accounts are certified, prices fair and just, by Mr. Noble, the assistant commissioner of lights, and the articles, &c., charged for were delivered at Prescott. Are the prices to which Mr. Noble certifies the ordinary retail prices, or prices determined by agreement based on the large quantities which the government would require?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 13, 1906.

SIR,—Acknowledging receipt of your letter of the 25th June with reference to accounts rendered by Messrs. McKelvey & Birch for hardware amounting to $5,870.13, I have to advise you that the prices charged are ordinary retail prices.

It is not possible for the department in purchasing items of this class to know definitely the quantity of the various materials which are likely to be required.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, June 22, 1906.

SIR,—I beg to bring to your notice a payment of $1,489.73 made by cheque 1056a last year to the Sherwin-Williams Co. for paint. The account is certified by Mr. P. Harty, 'prices fair and just' and by Mr. Stumbles 'prices as agreed.' Did Mr. Harty certify the prices fair and just on the merits of the paint as ascertained by himself or merely because it was the price agreed upon?

Who determined the price agreed upon by the department, and on what evidence was the price so determined?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, January 7, 1907.

DEAR SIR,—In reply to your letter of the 22nd of June, last, inquiring about the certificates placed on the Sherwin-Williams Company's account for paint, for the year 1905, the explanation is simply that the paint was purchased from the Sherwin-Williams Company at a price agreed upon. The account was certified 'price as agreed,' by Mr. Stumbles, and it was necessary to have Mr. Harty certify it to show that the articles had been received. The fact of the words 'fair and just' being in Mr. Harty's certificate was due to using a stamp with these words.

Yours faithfully,

The Auditor General. F. GOURDEAU *D.M.M.F.*

Overdue Accounts : Not Properly Certified.

AUDIT OFFICE, OTTAWA, June 26, 1906.

SIR,—I beg to ask for explanation of the delay in making payment of several accounts rendered by C. Whitney & Son, Prescott, for provisions supplied the steamer *Maisonneuve,* from August 3 to December 5, 1904, amounting to $542.75. See cheques 7462a and 9381a.

These accounts are certified by Captain Legault that 'the invoices correspond with the requisition book of the yacht *Maisonneuve.*'

It would seem from this form of certificate that Captain Legault does not desire to assume personal responsibility for the receipt of the supplies furnished by Messrs. Whitney; and if that is so, then the officer who was in charge of the *Maisonneuve* during the period in question, or some other person having personal knowledge of the receipt of the goods, should give the necessary certificate.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, December 3, 1906.

SIR,—I beg to call your attention to the vouchers sent me in support of the several payments made during last year in connection with the maintenance of the fishery protection steamer *Canada,* and to point out that in several instances they are not certified as required by section 33 of the Consolidated Revenue and Audit Act. The prices charged in some instances seem pretty high and, as I presume the prices to which I refer were brought to your attention before payment was made, I should like to have your explanation.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 7, 1906.

SIR,—I am in receipt of your letter of the 3rd of December drawing my attention to several vouchers which were sent you in support of payments last year in connection with the Canadian cruiser *Canada,* and also pointing out to me that in several

instances they are not certified as required by section 33 of the Consolidated Revenue and Audit Act. Instructions have been given to all the officers commanding government ships that accounts are to be certified as follows: 'The prices charged are fair and just, and the goods have been received.' This will be, for the future, carefully carried out.

In connection with your remark that the prices are pretty high; this matter was brought to the attention of the captain of this cruiser some considerable time ago, and he was instructed that he must be more careful in the future; of course, it must be understood that the *Canada* sometimes has on board a large number of people in excess of her complement; for instance, at the time that she was employed taking the mails into North Sydney there were numbers of passengers on board the ship, in addition to officials from various departments.

I trust that this explanation will be satisfactory to you.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Lake St. Peter Construction : Pay Lists and Supplies.

AUDIT OFFICE, OTTAWA, November 15, 1906.

SIR,—I beg to bring to your notice the various vouchers sent me in support of payments made during last year to Mr. Albert Beauchemin for field stones and broken stones for the different lights then under construction on Lake St. Peter and adjacent points on the St. Lawrence river, amounting, in addition to the rental of three barges, to $23,888.75. The field stones, which were delivered at different dates from July to November 11, 1905, were paid for at the rate of $12 a toise, and the broken stone, delivered at different dates. also within the same period, at $2 per ton.

Please let me know how the quantity was ascertained in each case. I presume the resident engineer or some other responsible employee has kept a record of the various deliveries and the calculations by which the quantities charged for were reached, and I shall be obliged if you will cause this record to be sent me.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, June 26, 1906.

SIR,—I beg to call your attention to the payments made during the current fiscal year to Mr. U. P. Boucher, the agent of the department at Montreal, for board of the officers and crews of the steamer *Shamrock* and the acetylene scow, amounting, from June, 1905, to December, 1905, to $3,156.

Mr. Boucher has been paid at the rate of 75 cents per man per day for the board of these men. Does this daily rate cover, not only the neeessary provisions, but also heat, cooking utensils, tableware, assistance, &c.?

I notice on the pay-lists the names of a waiter and a steward. Please let me know the nature of the agreement with Mr. Boucher. Is he the contractor, and do you accept his own certificata as to the reasonableness of the price charged?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 20, 1906.

SIR,—With reference to your letter of June 26 last calling the attention of the department to various payments made to U. P. Boucher, agent of the department at Montreal, for the board of officers and crew of the ss. *Shamrock* and acetylene scow, on a basis of 75 cents per man per day for board of these men, and asking to be informed if that daily rate covered not only the necessary provisions, but also heat, utensils, tableware, assistance, &c., I beg to inform you that for the rate above referred to Mr. Boucher furnishes all the food, cooking utensils, beds, bedding and laundry work, and in addition he pays the cost of coal used for cooking purposes. The cook and waiter are not paid by him because he claims that the number of men he feeds would not justify his doing so.

Moreover, I may say that Mr. Boucher never charges anything for the board of officers of the department visiting his works.

An officer of your department who visited the works lately and made comparison with other board bills will find, I believe, that the price paid Mr. Boucher is not unreasonable.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *for D.M.M.F.*

AUDIT OFFICE, OTTAWA, November 17, 1906.

SIR,—I beg to bring to your notice the following pay-lists which have been sent me in support of labour payments made during last year in connection with lighthouse construction work on the St. Lawrence river, and to point out that they are not receipted by the men to whom the various amounts thereon should have been paid. The cheques in payment of these pay-lists were, as you are aware, made payable to the order of Mr. U. P. Boucher, agent of the department at Montreal, and I have to request that you will cause to be sent me the proofs of payment which this officer of the government obtained from the men to whom payment was made.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, May 23, 1906.

SIR,—I beg to call your attention to the various payments made during the current fiscal year for labour, in connection with the permanent piers at Lake St. Peter, by cheques drawn in favour of Mr. U. P. Boucher, the agent of the Marine and Fisheries Department at Montreal, to the amount of $38,075.72. This amount was paid to

Mr. Boucher on labour pay-lists furnished by him, from July 1 to November 30, 1905. These pay-lists are certified by himself and Mr. Roy, and in a few instances only are receipted by the various labourers, tradesmen, &c., whose names appear thereon.

As the amount of money passing through Mr. Boucher's hands in connection with works on the St. Lawrence is very considerable, I should like to be informed of the check which the department holds over the disbursements made by him.

Does Mr. Boucher pay the men employed on the works in question in cash or by cheque?

Has he personal knowledge of the men employed and the number of days worked by each?

Is there a regular time-keeper who keeps a daily record of the attendance of these men, and if so, where may this record be seen if it is deemed necessary to examine it?

Who is responsible for the number of men employed, and does he give a written order to the local superintendent when men are to be taken on or left off the works?

I shall be obliged if you will give this matter your early attention.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, May 23, 1906.

SIR,—With reference to the several payments made during the current fiscal year from the vote for construction of lighthouses, for labour on lighthouses, &c., constructed by the department by day's labour instead of under contract, I should like to informed as to the sufficiency of the check which the department has on the correctness of the pay-lists sent in by the various local superintendents.

I notice that all or nearly all of these lists bear the initials of Mr. B. H. Fraser, assistant engineer of the department, but I presume he has no personal knowledge of the men employed or the number of days each works. To what extent, then, is Mr. Fraser held responsible by the department in regard to the time charged for, the rate of pay allowed and the actual days worked by each man, and the proper disbursement of the cheque issued in payment by the department?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Memorandum for the Deputy Minister re Payment Lake St. Peter Construction.

I have read the letters of the Auditor General with reference to the above matter, and beg to submit the following information:—

First, as regards the questions asked by the Auditor General: Mr. Boucher informs me that he endorses the pay cheques to Mr. Roy, who has pay envelops prepared and distributed to the men on the work. Last season the men were continually on the lake, only going ashore for Sundays, and there would have been great discontent if payment had been made by cheque.

Mr. Boucher cannot have complete personal knowledge of the men employed and the number of days worked by each.

A regular time-keeper is employed, whose business it is to keep a daily record. This is kept in the office at Sorel, and can be furnished if required.

Mr. Roy, the clerk of works for the agency, is responsible for the number of men employed. This is the system under which the work has been done for many years, and it has not been changed. Of course, last year there was, in addition to Mr. Roy, a resident engineer constantly on the work, whose duty it was to see that the work was properly performed, that the number of men employed was in accordance with the needs of the work, and that the material delivered was correctly checked.

Regarding the check on the men and correctness of pay-lists, I requested the accountant to send an officer whenever he considered it convenient, and as often as he thought desirable, who would go to the work without warning, check the time-keeper's book and see that everything was correct. This was done at least once and possibly oftener.

Regarding my responsibility in connection with this work, I consider myself personally responsible in a general way for the correctness of the accounts initialled by me. I examine all accounts to see that they are charged against the proper appropriation and return for explanation any accounts that seem suspicious or are for expenditures which I do not consider have been properly authorized. I have, of course, to depend largely on the resident engineer, and am willing to be responsible to any extent the Auditor General considers necessary, and will undertake to see that any further checks or restrictions the department may desire to have placed on the expenditure are carried out.

B. H. FRASER.

May 28, 1906.

AUDIT OFFICE, OTTAWA, October 23, 1906.

SIR,—In connection with the vouchers sent me in support of payments made for labour and board of workmen employed on the construction works in the St. Lawrence river during last year, I asked some time ago, informally, for the daily records of the men's time employed on these works as kept by the resident engineers or foremen in charge. I have been informed that there was difficulty in obtaining these records, and I shall be obliged if you will let me know what progress has been made in the search for them, and if it will be possible to let me have them within a few days. The pay-lists or vouchers to which I have reference are now being finally examined and prepared for the report of last year, and the information which the daily records should afford is essential to a proper audit of the expenditure with which these pay-lists are connected.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 26, 1906.

SIR,—In reply to yours of the 23rd instant, inquiring regarding the delay of the records of men's time employed on the St. Lawrence river works, I would say that as we had no knowledge that you were to ask for these records no special instructions were issued from here to keep the same. It is over a year since these were in use for making up the pay-lists, and it is quite possible that they may have since been destroyed. However, I am making inquiries and shall be glad to forward them to you if they are obtainable. It has not been the custom to supply these, and as the pay-lists are made up and certified from these by a responsible officer of the department, it has always been considered that that would be sufficient for purpose of audit. However, if you

require original time books with pay-lists in future, it is quite easy to have these supplied, but you can understand that it will practically double the work of checking at headquarters here and in your own office, and you might consider the disadvantage before insisting that they be supplied.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, August 18, 1906.

SIR,—I beg to request that you will cause to be sent me copies of all contracts or agreements which you have in connection with the construction work on Lake St. Peter during the fiscal year 1905-6. In case any considerable supplies were obtained otherwise than at prices fixed by public tender I shall be obliged if you will let me have your explanation. I would like to have also copies of the daily record of the time of the men who were employed on the permanent piers and other construction work.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, June 5, 1906.

SIR,—Mr. E. Roy has been paid during the current fiscal year, by cheques 1431a, 2152a, 2584a and 4613a, $1,171, being board of workingmen on the Becancour lights at the rate of 75 cents per day, each, from July 1 to August 31, 1905. The vouchers sent me in support of each of these payments is certified by Mr. Boucher, the agent of the department at Montreal, and as he lives a considerable distance from the works and presumably has not a personal knowledge of the quality of board furnished the men, I would like to know the evidence upon which he certifies that the prices charged are fair and just.

Is Mr. E. Roy the foreman in charge of the works and, if so, where does he board and lodge these men? Has he erected houses on shore or does he accommodate them on barges supplied by the government?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, June 5, 1906.

SIR,—With reference to my letter of this day calling your attention to charges for board of workmen, made by E. Roy, in connection with the work at Beçancour lights, I notice that Mr. Roy makes a similar charge in connection with work at Champlain back-light.

Please let me know the names of the various lights at which Mr. Roy provides board and lodging for the workmen, if these lights are grouped within easy distance of each other, the precautions taken by the department to fix a fair and reasonable daily rate, and the supervision that has been exercised by the department to ensure good board and comfortable quarters for the men.

Does Mr. Roy provide shelter, food and attendance in all cases at his own expense?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 9, 1906.

SIR,—I have to acknowledge receipt of your letter of the 5th instant, calling the attention of the department to charges for board of workmen made by E. Roy in connection with the work at Beçancour light, and in reply I am to inform you that during the progress of the work in the ship channel last year it was necessary to arrange for the board of workmen. This was undertaken by Mr. Roy, superintendent of works, who boarded the men, including the crews of the boats, at a flat rate of 75 cents per day. Mr. Roy supplies all food, cooking utensils, beds, bedding and laundry work, and in addition pays the cost of coal for cooking purposes and the wages and board of cooks. The plan worked very satisfactorily, and the cost was reported on by Mr. Boucher as being fair and just. I am also to inform you that the same system is to be continued, but after the 1st of July next, the payment is to reduced from 75 cents to 70 cents, as it is considered Mr. Roy's expenses will not be so heavy this year.

The fault with the system would be the temptation to supply men with board who are not properly entitled to same, but strict orders will be given to the resident engineer to see that local labourers employed on the works in the vicinity of the dwelling will not be furnished with board.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, November 23, 1906.

SIR,—I beg to bring to your notice the board lists sent me in support of the several payments made during last year to Mr. Ernest Roy, the resident engineer in charge of the lighthouse construction work at Lake St. Peter, for board furnished the tradesmen and labourers employed at these works.

Mr. Roy was allowed 75 cents per man per day for the board furnished by him, and also the use of the several barges employed by the government, to provide sleeping and other accommodation for the men.

The lists to which I refer are not made out in the order of the pay-lists for labour, nor are they of uniform order for each succeeding month, so that it is impossible, within the time at my disposal, to have them thoroughly checked. I should like, therefore, to know in what manner these lists had been checked in the department before payment was made. Were they compared with the labour payments of the corresponding periods or with the authorized record of labourers which, I presume, Mr. Roy or his superintending foremen kept at the works? I notice that practically all the men

must have remained over Sundays at the works, as Mr. Roy charges for board for 30 or 31 days for each month as the case may be. Has any inquiry been made as to the justice of his claim in this respect?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.- J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, November 17, 1906.

SIR,—I beg to bring to your notice the various payments made during last year for the hire of tugs and barges in conection with the lighthouse construction work on the St. Lawrence river, and to inquire if the daily rate paid in each instance was under written contract or by oral agreement.

I should like to be informed also if the daily rate paid for the tugs included the crews necessary to their efficient working and also the coal and other requirements.

In the case, for instance, of the tug *Dandy,* the daily rate from July to November, 1905, was $30, and during May and June, 1906, $35. Was this the only expenditure for which the government was responsible in the case of the *Dandy*?

To the account rendered for the month of May, Mr. Roy, the resident engineer, attached a memorandum that the tug did not work on the 29th or 30th, and consequently should not be paid for these two days. The full amount of the account was paid nevertheless. Why so?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 11, 1906.

SIR,—I beg to acknowledge receipt of yours of 17th ultimo regarding payments for hire of tugs and barges in the St. Lawrence river. All the tugs were hired under regular charter party, copies of which can be sent you if necessary. The barges were hired locally by the engineer in charge as seemed most advisable for carrying on work at different localities.

Regarding the tug *Dandy,* she was the only boat hired last year with a crew on board, the rate being $30 per day. There was a good deal of trouble on account of the *Dandy* not being able to work continuously, and this year a new arrangement was made, the payments being $35 a day, the department to furnish the coal. Under these conditions, the captain of the *Dandy* was to keep a double crew on board to be ready to work at any hour of the night or day when he was called on.

With reference to the attached memorandum stating that the *Dandy* did not work for two days during the month of May, this appears to have been overlooked on account of only one copy having been furnished. The amount has since been deducted, however.

I am, sir, your obedient servant,

F. GOURDEAU, *D.M.M.F.*

The Auditor General.

Purchase and Wreck of Steam Tug 'Hosanna.'

AUDIT OFFICE, OTTAWA, December 14, 1906.

SIR,—I beg to bring to your notice a refund of $2,000 which came to account last year in connection with the wreck of the steam tug *Hosanna,* which the department purchased within the year from the Richelieu and Ontario Navigation Company, and which, I understand, was subsequently lost as the result of a collision with some steamer in the St. Lawrence river.

I should like to have full information in regard to this refund. Is it the full amount recovered by the government as compensation for the loss of the steamer; and if not, has the balance yet been paid?

I notice that the Richelieu and Ontario Navigation Company was allowed interest at the rate of 6 per cent per annum on $7,250 of the purchase price ($8,000) from September 1, 1905, to June 30, 1906. Why was this charge allowed?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 19, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 14th instant, relative to a refund of $2,000 which was made in connection with the wreck of the steam tug *Hosanna,* purchased by the department, during the year 1905-6, from the Richelieu and Ontario Navigation Company, and asking for full information in regard to the settlement made by the department with the owners of the *White Star,* which sunk the *Hosanna.*

In reply, I will give you the history of the case, as follows:—

The steamer *Hosanna,* sunk on September 5, 1905, in a collision with the steamer *White Star,* near Longue Pointe, P.Q., was chartered by the department from the Richelieu and Ontario Navigation Company in April, 1905, the department agreeing to pay the company a rental of $1,500 a season for the use of the said steamer. A charter party was prepared for execution, in which was a clause by which the company should be compensated by the department in the sum of $8,000 in the event of the steamer becoming a total or partial loss during the period of her leasehold to the department.

The evidence which was presented at the investigation into the wreck of the *Hosanna* clearly placed the whole blame of the disaster on the owners of the steamer *White Star,* and immediately thereafter legal proceedings were instituted by the department to recover from the owners of the *White Star* the loss sustained by the department in the sinking of the *Hosanna.*. The owners, however, desired the matter adjusted outside the courts, and after a good deal of negotiation a settlement was arrived at, whereby the owners of the *White Star* agreed to pay the department damages amounting to $6,500 and interest on that amount, at 4 per cent per annum, from the date of the accident to the time of the settlement of the case, on May 19, 1906; the owners also agreeing to pay all legal and other expenses incurred in the matter.

The owners immediately paid the department $2,000 on account, and to secure the payment of the balance, a first mortgage was taken on the steamer *Garnet,* belonging to the said owners, the mortgagees agreeing to pay the balance as follows: One-half of the balance, with interest at 4 per cent per annum on January 1, 1907, and the remainder, with the same rate of interest, on January 1, 1908.

Although by the charter party the department was to pay the full price of the boat ($8,000) to the Richelieu and Ontario Navigation Company, a bargain was reached whereby the department was allowed the amount actually paid out for rental up to the time of the accident, leaving a balance to be paid to the company of $7,250. In addition to this sum, it was thought only fair that the company should be allowed interest, at the rate of 6 per cent per annum, on this capital of $7,250, to recuperate them for being out of the use and interest of this money for the ten months elapsing from the date of the disaster to the settlement of the claim in June, 1906. The total compensation, therefore, paid by the department to the Richelieu and Ontario Navigation Company (including capital and interest) was $7,603.96.

The wrecked steamer was, in October, 1905, raised by the director of the department's shipyards at Sorel, and was towed to Sorel to undergo repairs; the hull has been thoroughly patched up; the engines will be repaired and a new boiler put in, and by the beginning of next season we will have a first rate tug, superior to the *Hosanna* when we first chartered her, and worth at least $10,000.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Steamer 'Arctic' and Hudson Bay Expedition.

AUDIT OFFICE, OTTAWA, March 6, 1906.

SIR,—I notice on examination of the pay-lists of the steamer *Arctic,* now undergoing repairs at the government shipyard at Sorel, that the captain and certain of the officers and crew were paid up to December 31, 1905, and, in addition to their wages, they were allowed for living expenses at the rate of $1 or 75 cents per day from October 11, 1905.

Please let me know your reasons for continuing the services of these men when the *Arctic* was not in commission, and also the authority on which the living allowance has been granted.

Why has Mr. Vanasse, who is described in the pay-lists as historian, been paid to December 31?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 29, 1906.

SIR,—In reply to your letter of the 6th instant calling attention to the pay-list of the steamer *Arctic,* now undergoing repairs at Sorel, and inquiring about our reasons for paying the wages and allowing living expenses to the captain and a certain number of officers, I beg to say that, although the *Arctic* is not in commission, it has been deemed advisable to retain a certain number of men owing to the quantity of provisions left on board the vessel, and also on account of the work, part of which was of a technical nature, and it was necessary to have some of the officers familiar with same.

The reason for allowing the living expenses is explained by the fact that none of the men on the *Arctic* are residents of Sorel, and as they are not boarded on the vessel it was thought fair to grant them an allowance until they can be fed on the *Arctic.*

Mr. F. Vanasse, who accompanied the Hudson bay expedition as historian, was paid after the return of the *Arctic* until his report was completed. His salary is now stopped.

All the arrangements above alluded to were authorized by the late minister.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Audit Office, Ottawa, October 8, 1906.

Sir,—With reference to the vouchers sent me in support of the payments made during the fiscal year 1905-6 from the appropriation for steamers employed in patrolling the northern waters of Canada, I beg to call your attention to the certificate given on a very large number of them by Mr. Boudreau, the assistant accountant of the department. Mr. Boudreau certifies 'authorized, delivered, prices fair and just.'

Did Mr. Boudreau check over the various supplies which he certifies were delivered before giving this certificate, or did he merely certify in this manner on receipt of the parcels or cases which purported to contain these supplies?

In many instances the vouchers in question are for supplies for the steamer *Arctic* forwarded by the steamer *Neptune,* which sailed from Halifax in August, 1905.

If these supplies were delivered to the *Arctic,* they do not seem to have been taken into account in the stock-taking of the supplies on board that steamer after her arrival at Sorel in the month of October following. In some instances copies of the vouchers bearing the initials of one or more of the government officials on board the *Arctic* or the *Neptune* have been sent me, but it is not clear how far you hold the officials in question responsible for the full delivery of the supplies enumerated thereon or for their final disposition.

There are charges for photographic supplies for Captain Bernier, Major Moodie and Mr. Caldwell. In view of the fact that a photographer accompanied the expedition, it seems to me necessary to ask for an explanation of an outlay for supplies of this nature except for the photographer's use.

A microscope costing $160 was purchased from Lyman, Sons & Co., Montreal. What has become of this microscope, and why was it purchased?

The charter of the steamer *Neptune* provided that $4,500 per month should cover pay and keep of the officers and crew, but notwithstanding this provision there are charges for fruit, cattle, sheep, ale, wine, cigars, &c., apparently for use of the *Neptune* (see vouchers 2405a, 2395a and 1273a).

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Marine and Fisheries Dept., Ottawa, October 24, 1906.

Sir,—I have to acknowledge the receipt of your letter of the 8th instant with reference to payments made during the fiscal year 1905-6 from the appropriation for vessels patrolling the northern waters of Canada.

In reply to your request to be informed if Mr. Boudreau checked over the various supplies which he certified were delivered, before giving his certificate, or if he certified the accounts on receipt of the parcels or cases which purported to contain the supplies, I beg to say that in some cases the boxes were opened and the contents actually checked while in other cases the invoices were compared with the articles mentioned on the boxes.

The system employed in checking the goods was similar to the one adopted by large firms when checking goods in transit.

I may add that besides Mr. Boudreau's certificate, some copies of the invoices were certified by parties who received the goods. As regards the distribution of the goods, it is expected, of course, that the officers in charge of same will account for the disposition. This will be done as usual.

With reference to the goods addressed to the *Arctic,* I beg to say that part of same was left at Fullerton and Churchill, part brought back to St. John's and part to Sorel. These goods were intended to be left at Fullerton, but owing to the lateness of the season and stormy weather, the *Neptune* could not land all her cargo. The articles returned to Sorel were stored separately and not on the *Arctic* when the inventory was taken. They will be included in the next inventory and their disposition explained.

Photographic supplies were purchased for Captain Bernier, Major Moodie and Mr. Caldwell because Major Moodie and Mr. Caldwell were expected to make trips inland and to require their photographic apparatus simultaneously. I may add that Captain Bernier had all the photographic supplies referred to on board the *Arctic* when she sailed last August.

A microscope was purchased at the request of Dr. Flood and was to be used for biological studies.

The charter of the *Neptune* provided that $4,500 per month should pay and keep the officers and crew employed on the steamer, besides coal, provisions, &c., for her own use. The officers of the department were not included.

The fruit, cattle, sheep, &c., were not purchased for the *Neptune,* but part of same was used in feeding our officers. As regards the wine, cigars, &c., they were purchased for the personal use of the commander in charge of the expedition.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

NOTE BY A.G.—The amount paid for wine and cigars has been refunded.

AUDIT OFFICE, OTTAWA, October 12, 1906.

SIR,—I find from the files sent me in connection with the expenditure incurred last year for the steamer *Arctic* that the department sold provisions and other supplies to the Hudson Bay Company and also allowed certain space in the steamer *Neptune* for the transportation of supplies to the company's posts on Hudson bay.

Has the department made any claim on the company for payment, and if so, has payment been made? I should like to have full particulars in regard to these transactions.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 25, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 12th instant inquiring about the goods that were transferred from the *Arctic* to the *Neptune* for the Hudson Bay Company, and also asking what arrangements were made in connection with the transportation of supplies for the Hudson Bay Company's ports.

In reply, I beg to say that an arrangement was arrived at by which the department would take 150 tons of material of different kinds for the above company, their steamer *Pelican* being disabled, the company agreeing to carry same quantity of freight for the department when required to do so.

As regards the goods purchased by the company for the *Arctic,* these goods could not all be landed, and only part was left, for which the Hudson Bay Company will pay the department; the delay in settling the claim is likely due to the difficulty of obtaining a statement from the agent of the company at Churchill. The balance of the goods was returned to St. John's and sold at auction as shown on statement forwarded to your office on the 24th instant.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Coal Purchased by Archer & Co., from the Government.

AUDIT OFFICE, OTTAWA, October 10, 1906.

SIR,—There are two refunds of last year of $715 and $1,000, respectively, credited to the steamer *Montcalm,* which were made by Archer & Co., Quebec, the former for coal purchased from the government supply at Quebec and the latter on account of a certain quantity of coal which had been purchased from Archer & Co., but part of which was afterwards condemned.

I should like to have full particulars in connection with these refunds, the quantity of coal, for instance, purchased by Archer & Co., from the government, and your explanation in regard to a transaction so unusual, and also all information as to the process by which $1,000 was arrived at as the amount that should have been refunded for the coal condemned. Why did your agent certify the account for payment in the first instance?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 15, 1906.

DEAR MR. FRASER,—In reply to your letter of the 10th instant inquiring about two refunds for coal, credited to the steamer *Montcalm,* which were made by Messrs. Archer & Company, of Quebec, I may state that both deposits were for coal purchased by Messrs. Archer & Company from this department.

The coal, owing to exposure to the weather, had become slack, and it was found that the captains of the steamers who used it could not keep up sufficient steam. The coal was bad in several respects, and was disposed of by selling it to Messrs. Archer & Company.

The coal was not purchased from Messrs. Archer & Company as you supposed, or as you intimated in your letter, but from the Acadia Coal Company. It was only con-

demned for the use of the steamers owing to the fact that it became so fine that much of it fell through the grate bars and was wasted, and also because it had lost its heating power for raising steam.

It was considered in the public interest to sell the coal instead of trying to use it. The coal was sold at $2.25 per ton, and was paid for as delivery was taken.

Yours faithfully,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, October 22, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 15th instant with reference to the two refunds, amounting to $1,715, made last year to the credit of the steamer *Montcalm,* in which you say that these refunds represent the amount received from Archer & Co., Quebec, for condemned coal which had been purchased from the Acadia Coal Co.

In reply I beg to say that there must be a misunderstanding, as the refunds I referred to were made on account of coal purchased from Archer & Co., and not from the Acadia Coal Co.

How long was this coal exposed to the weather?

At $2.25 per ton, 762⅔ tons must have been sold to Archer & Co. Does this quantity represent one shipment or is it only a portion of a larger quantity, part of which was used by the steamers ?

Was the coal as delivered to Archer & Co. weighed at the agency at Quebec or on the city scales? In either case, I presume you have the record of the various deliveries. Please cause these to be sent me.

I should like to have also a statement showing the total loss the department sustained by this transaction.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 23, 1906.

SIR,—In reply to your letter of the 22nd instant, relating to the two refunds, amounting to $1,715, made last year to the credit of the steamer *Montcalm* for coal which had been sold to Messrs. Archer & Co., of Quebec, I have to inform you that there was no misunderstanding on the part of this department.

The department had on hand a quantity of coal which had been purchased from the Acadia Coal Co., of Quebec, and, as I have already explained to you, the coal did not turn out as was expected. It would not keep up steam in the steamers, consequently, as a matter of departmental policy, it was sold after a number of offers had been made by coal dealers. The highest offer was accepted.

Messrs. Archer & Co. paid $1,000 to the agent at Quebec at one time and $715 at another. As the coal was originally charged to the *Montcalm,* of course the same account was credited with the money paid for the sale of the coal. It was a refund so far as the vote was concerned, but was not a refund from Messrs. Archer & Co., as they bought the coal outright and did not own it previous to the purchase from the department.

The price at which the coal was sold to Messrs. Archer & Co. was given by the agent at Quebec to the department after he had asked for offers. He reported to the department that it was decidedly not economy to keep the coal any longer, and therefore he was authorized to dispose of the Acadia coal. Mr. Gregory sent a deposit, No. 945, for the sum of $1,000, being the amount obtained from Messrs. Archer & Co. on account of purchase of Acadia coal, and another cheque of deposit, No. 856, for the sum of $715, being on account of sale of Acadia coal to Messrs. Archer & Co. These amounts, as I have already stated, were credited to the *Montcalm,* as the Acadia coal had been charged to that vessel.

There is still a quantity of coal to be delivered to Messrs. Archer & Co., and it will be paid for as soon as delivered. This is in answer to your question 'Does this quantity represent one shipment or is it only a portion of a larger quantity, part of which was used by the steamers.' A larger quantity of coal was purchased at Quebec from the Acadia Coal Co., and a good deal of it was used, but the longer it was kept the worse it was becoming, owing to exposure to the weather.

Yours faithfully,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, October 27, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd instant with further reference to the refund of $1,715, made last year, to the credit of the steamer *Montcalm.*

The refund statement on which $715 of this amount was entered, quoted voucher 17279a, as the account to be credited with the refund. This account was rendered by Archer & Co., for coal delivered at Quebec in October and November, 1905, and in addition to the price of the coal, amounting to $12,000, a claim of $300, which was disallowed, was made for wharfage during the winter until May 1, 1906. In view of this voucher and the reference in your statement of refunds, I quite naturally concluded that the coal was purchased from Archer & Co. in the first instance. Why was it necessary to purchase coal in such large quantities at the close of navigation when you did not need to use it until May 1 in the following year ?

You have not answered my inquiries in my letter of the 22nd instant as to the evidence sent you in regard to the number of tons of coal actually delivered to Archer & Co. for the amount refunded by them and how this tonnage was ascertained, or as to the actual loss sustained by the department. I shall be obliged if you will look into this matter further.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 13, 1906.

DEAR SIR,—In reply to your letter of the 27th instant, relating to the payment of $715 by Messrs. Archer & Co., for coal sold to them in Quebec and stating that you naturally concluded that the coal was purchased from Messrs. Archer & Co., in the first instance, I have to inform you that you are astray in this, as the coal was bought from the Acadia Coal Company, as I have already explained.

With regard to the question about why was it necessary to purchase coal in such large quantities at the close of navigation when the department would not need to use it until May 1, 1906, I have to inform you that you have drawn into the correspondence on the subject of refunds another question entirely.

You have before you an account from Messrs. Archer & Co., for 3,000 tons of coal at $4 per ton, amounting to $12,000, and on the account certain words relating to wharfage have red ink lines drawn through them which entirely cancelled that item as if it did not appear in the account. The item was not allowed, as you can clearly see, but upon those words which should not have appeared in the account you have asked a question.

The *Montcalm* is an ice-breaking steamer that works late in the fall and early in the spring in the St. Lawrence river, and consumes quite a large quantity of coal when operating in ice-breaking. It would be showing lack of ordinary prudence to leave the steamer without a supply of coal to do her work late in the fall and early in the spring. It is a well-known fact that coal from the maritime provinces cannot be delivered by steamers or vessels until the ice is pretty well out of the St. Lawrence river and gulf.

The coal was bought for the reason that it was considered in the public interest to do so. As a matter of fact, it was not paid for until the following year, or after it had been consumed.

Yours faithfully,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Hire of Tug 'Beaver' at Prescott.

AUDIT OFFICE, OTTAWA, June 23, 1906.

SIR,—I beg to bring to your notice the several accounts rendered by Captain J. S. Bonnar for hire of tug *Beaver* from June to December, 1905, amounting to $5,158.50, and paid by cheques 2287a, 2633a, 3958a, 7607a and 9833a, of the current fiscal year from the vote for maintenance of lights. Has the department a written agreement with Captain Bonnar in regard to the rate charged per day—$30—for hire of the boat?

Where was the boat employed, and why have the payments been made a charge on the maintenance of lights?

I shall be obliged if you will cause full explanation to be sent me in regard to these payments, as I notice the daily rate has been allowed for Sundays, and also that Captain Bonnar makes charge for board and lodging for men.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 14, 1906.

SIR,—In reply to your letter of the 27th of June last, with reference to the several accounts rendered by Captain J. S. Bonnar for hire of tug *Beaver* from June to December, 1905, amounting to $5,158.50, and paid by cheques 2287a, 2633a, 3958a, 7607a and 9833a, of the current fiscal year from vote for maintenance of lights, I beg to state on inquiring fully into this matter that Captain Bonnar was employed under written agreement, a copy of which I beg to inclose, at the rate of $30 per day for the hire of his boat *Beaver*.

This boat was employed on the Kingston-Montreal division in the maintenance of lights, and took up a share of the work which had been done by the steamer *Scout,* and which had been rendered unserviceable by the gas explosion at Kingston.

The daily rate allowed for Sundays is a usual custom, as this boat was under obligation to work on Sundays if required.

Also under the agreement Captain Bonnar was to supply meals for four extra men who were engaged on the acetylene scow, which the tug had generally in tow in connection with filling gas buoys. The charge for extra meals over and above the four men agreed upon and the lodging for these men, was paid as an extra by the department and refunded to Captain Bonnar on his account.

The copy of the offer of J. S. Bonnar, herewith inclosed and accepted by the department, is dated 29th May. Captain Bonnar's services were not, however, continuous from that date.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Supplies Purchased from Brooks & Co.

AUDIT OFFICE, OTTAWA, February 12, 1906.

SIR,—I notice on looking over your statement of cheques issued during the month of January last that you paid the Merchants Bank of Canada at Prescott for F. L. Brooks & Co. four distinct amounts, aggregating $28,162, as follows:—

Cheque	10099a	$ 400 00
"	10100a	10,770 00
"	10101a	4,700 00
"	10136a	12,292 00

As these amounts are large, I should like to have, at your early convenience, the agreement or contract under which the price and quantity, &c., of the supplies furnished by Messrs. Brooks & Co. have been determined.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 17, 1906.

SIR,—I have to acknowledge receipt of your letter of the 12th instant with reference to cheques issued during the month of January for $28,162 in favour of the Merchants Bank of Canada for F. L. Brooks & Co., and making the agreement or contract under which the price and quantity, &c., of the supplies furnished by Messrs. Brooks & Co., have been delivered.

In reply, I beg to state that the material referred to above is lighthouse apparatus and that before ordering the same, specifications were submitted to the two largest manufacturrers of lighthouse apparatus in the world, viz.: Messrs. Chance Bros., Birmingham, England, and Messrs. Barbier, Benard & Turenne, Paris, France, represented by Messrs. F. L. Brooks & Co., and the lowest price accepted.

I am, sir, your obedient servant,

The Auditor General. WM. L. MAGEE, *for D.M.M.F.*

AUDIT OFFICE, OTTAWA, February 22, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 17th instant in reply to mine of the 12th, asking for the specifications or other particulars upon which the department asked for prices of the lighthouse supplies now furnished by F. L. Brooks & Co., Montreal, and the contract or agreement entered into with Messrs. Brooks for the supplies in question. The memorandum of prices inclosed in your letter has reference only to a small moiety of the supplies and does not cover the information I asked for. I presume some specifications prepared by the department setting forth the class of supplies and the quantities that would be required were submitted with the tenders calling for prices. It seems to me these specifications should be sent me with the prices submitted by the successful tenderer and the agreement entered into with him by the department subsequently.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, June 13, 1906.

SIR,—I beg to call your attention to vouchers 12737a and 12738a of the current fiscal year, rendered by F. L. Brooks & Co., in support of two payments amounting to $40,173, for lanterns, lenses and other lighthouse requisites delivered at the Prescott depot.

In view of the fact that the prices charged by Messrs. Brooks & Co. were not determined on tenders called for by public advertisement, it seems to me the authority of the Governor in Council should have been obtained approving, in a general way, of the department's action in entering into this new arrangement.

Has this authority been obtained?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Certificate which should be given on Accounts.

AUDIT OFFICE, OTTAWA, March 23, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant with further reference to the certificate in support of the price paid for lighthouse supplies delivered at the Prescott depot, which should be given on all accounts rendered for payment, in which you say that Mr. Noble, who is in charge of the depot is, on account of his training with the Trinity House and his long service in the department, qualified to give the certificate called for by the statute.

You seem to have overlooked the chief point in my letter of the 9th instant calling your attention to this matter. I did not question Mr. Noble's qualification to give the necessary certificate, but I pointed out that if the price charged in the accounts was one fixed by public competition or special agreement, then it should be so certified by the officer of your department having personal knowledge of the negotiations which led to the acceptance of the price by the department. At present Mr. Noble certifies 'prices fair and just' as if he had purchased the supplies himself in the open market.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Canadian Fog Signal Company.

AUDIT OFFICE, OTTAWA, October 20, 1906.

SIR,—During the past fiscal year several comparatively small amounts were paid to the Canadian Fog Signal Company, Toronto, for travelling expenses and board of their men employed in erecting fog signals or doing repairs at various stations throughout the country; and in some instances a daily rate of $3 was allowed for lost time, that is for the time the men were detained awaiting means of transportation.

I should like to have full explanation respecting these payments. The fog signals which these men were employed in erecting had been supplied by the Canadian Fog Signal Company, and I should like to know whether or not the price paid for the fog signal plant included the cost of erection, so far, at least, as the superintendence of the work was concerned.

In a few instances Mr. B. H. Fraser certifies to the price of low-pressure diaphones with pistons, at $400 each, 'according to agreement.' Is this an agreement with the company entered into without calling for tenders?

There are also one or two accounts in which a detailed statement of supplies furnished is given, but which are marked 'no charge,' while there are in other cases charges for supplies to replace articles which, according to the company's statement on the vouchers, were sent in the first instance but subsequently mislaid or lost.

It would appear from the vouchers that supplies furnished by the Canadian Fog Signal Company during the fiscal years 1904-5 and 1905-6 were not purchased under contract and in view of this fact I think it necessary that I should be informed of the steps taken by the department to ascertain that the prices allowed were fair and just.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 23, 1906.

SIR,—I beg to acknowledge receipt of yours of the 20th instant, inquiring for information as to payments to the Canadian Fog Signal Company regarding the travelling expenses of their men. Under their agreement with the department, they were to supply a suitable erector (if requested) to superintend the installation of each plant, and naturally were obliged to pay their men for their full time from leaving Toronto until they returned. Under these circumstances, it was only considered fair, where these men were delayed by the fault of the department who were to furnish transport, or where they were employed by the department on an emergency for other work than the actual superintendence of installation, that the Fog Signal Company should be paid for their services. These men were all expert machinists, and $3 a day was a very reasonable charge.

Regarding the $400 for low pressure diaphones, this is fully covered in my letter of yesterday. Of course, no tenders could be called for doing this work, as the agreement was simply as to the cost of exchanging an older form of patented article for the latest and most improved type, which could not be obtained from any other concern.

Under the agreement with the Fog Signal Company, they were to furnish everything necessary for the complete installation of the fog alarm plants ready for operation. Wherever any necessary parts were omitted the company was notified and sup-

plied the same without charge. If, however, these necessary parts were lost or mislaid by the department, they were purchased in some cases locally and in other cases from the Canadian Fog Signal Company, who invariably supplied the articles at a fair market price.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, October 22, 1906.

SIR,—In reply to yours of the 17th instant, regarding the charges made for low pressure diaphones for Amour Point and Cape Norman, I would state the following facts for your information:—

The original diaphones purchased from the Fog Signal Company were known as 'high pressure diaphones,' and used air at two separate pressures. Improvements have been made in the machine so that only one pressure, and that a low one, is in use to operate them. In view of this fact, arrangements were made with the Fog Signal Company to supply the latest pattern in exchange for the existing high pressure diaphones for the sum of $400 apiece. The result is to do away with almost half the machinery and to reduce the cost of operation by about one half; the life of the machinery is also lengthened. In some cases the high pressure diaphones had not actually been shipped, but they had been specially manufactured for these places, and were in the Fog Signal Company's warerooms in Toronto, where they were inspected and their existence verified by the assistant chief engineer of the department. It was not considered advisable to ship them to the plants so that they could actually be returned, as this would involve the freight charges in both directions at the cost of the department. The charge of $400 is not in any case intended to cover the cost of the diaphones, which cost about $5,000 apiece, the amount is simply the cost of the exchange. At some places where the changes are being made, the high pressure diaphones have been in operation for a considerable length of time. If desirable, a list can be furnished showing exactly what plants have been installed with high pressure and what changes have since been made.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Disposition of Contractor's Security Cheque.

AUDIT OFFICE, OTTAWA, June 19, 1906.

SIR,—Will you please let me know the date upon which the accepted cheque sent to the department by the Canadian General Supply Company, of Montreal, as a guarantee of good faith respecting their tender for coal oil and petroleum to be supplied to the Department of Marine and Fisheries during one year ending April 24, 1906, was sent to the Finance Department?

The specification upon which the tenders were based calls for a deposit of a sum equal to ten per cent of the aggregate amount of the tender. The Canadian General Supply Company were the successful tenderers, and I presume complied with this condition of the specification when forwarding their tender.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 29, 1906.

SIR,—In reply to your letter of the 19th instant, inquiring whether the cheque which accompanied the tender of the Canadian General Supply Company of Montreal was sent to the Finance Department when the contract was completed, I have to inform you that the cheque was not sent to the Finance Department but was returned to the Canadian General Supply Company when the oil was delivered. The contract has the names of bondsmen which was considered a guarantee for the delivery of the oil, but the department retained the cheque as well until most of the oil was delivered.

I have the opinion of the Justice Department on this matter, and the opinion appears to indicate that there is no law or Order in Council by which this department is required to send cheques held as contract guarantees to the Finance Department. As a matter of fact though, the department sends cheques of this kind to the Deputy Minister of Finance. This has been done at his request more for the purpose of obtaining the money immediately after the contract is concluded and to prevent loss of the money by failure of a bank, or the expiry of the time for which the cheque is good. It has been the custom of this department to get sureties, two or more, in connection with all contracts, and there is no law or Order in Council discontinuing this practice that I am aware of.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Lighthouse Apparatus, &c., purchased from George T. Merwin.

MARINE AND FISHERIES DEPT., OTTAWA, January 16, 1906.

SIR,—I have to acknowledge receipt of your letter of the 11th instant with reference to payments made during the last fiscal year to George T. Merwin, Montreal, for gas buoys, store holders, lanterns, &c.

With reference to reduced rates obtained by this department, I may state that the items referred to, viz.: store holders and gas lanterns, were obtained at reduced rates in consideration of the quantity of the material purchased by the department.

In 1901, the department paid for convertible flashlight lanterns with copper hoods, $375 each, very few of which were obtained. When the department began to purchase in quantity owing to the extension of the gas buoy service, a rate of $300 was obtained. During the past year it became necessary to make certain changes in the construction of the gas lanterns and to substitute nickle for copper in certain of the working parts. This caused an increase in price to $345 each, which is $30 less than the department formerly paid. I may add that prices were obtained from Messrs. Chance Bros. & Co., of Birmingham, England, manufacturers of lighthouse apparatus, in which they quote a price of £80, which is in excess of the price paid.

The store holders referred to were obtained for $875 each, owing to the quantity purchased. In 1902, the department paid at the rate of $1,200 each for store holders of the same capacity, but only three were obtained, and the Continental Iron Works of Brooklyn, quote a price of $1,000 each for the same items.

The acetylene store holders referred to are in position with the exception of 16, and are all in service except at certain lights in the Ottawa river, where opportunity did not present last season to have the same connected up, owing to the pressure of other important work. This work will be taken up on the opening of navigation.

I may add that the number of store holders held in reserve is not considered excessive, and they are liable to be called for at any time on account of the urgent necessity of establishing new lights.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, May 15, 1906.

SIR,—I have to acknowledge receipt of your letter of the 21st ultimo, calling attention to certain payments made to George T. Merwin, during the current fiscal year from the vote for submarine signals, principally for special armoured cable, and asking if the price paid was determined by tenders called for by public advertisement, and if not, if the department has the authority of the Governor in Council for the terms of the purchase.

In reply, I beg to state that the price paid for the cable was determined on the quality of the cable itself, and that tenders were not called by public advertisement, but the material was ordered by departmental letter.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Hire of Tug 'Victor.'

AUDIT OFFICE, OTTAWA, June 25, 1906.

SIR,—I beg to ask for explanation of the several payments made during the current fiscal year to Geo. T. Merwin, Montreal, for hire of the tug *Victor,* amounting to $3,325, being at the rate of $25 a day, including Sundays, from June 21 to October 31, 1905. This amount has been paid from the vote for maintenance of lights, but the voucher does not specify the locality in which the tug was used or give any particulars of the service in which it was engaged.

Is Mr. Merwin the owner of the *Victor?* According to the heading of the account rendered by him he is merely agent of the Safety Car Heating and Lighting Co., having an office at Montreal.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 10, 1906.

SIR,—I have to acknowledge receipt of your letter of the 25th June, asking an explanation of several payments made during the last fiscal year to George T. Merwin, of Montreal, for hire of the tug *Victor,* and asking the locality in which the tug was used and particulars of the service in which it was engaged.

In reply I beg to state that the *Victor* was used between Montreal and Kingston for the lighthouse and buoy service, owing to the fact that the steamer *Scout* was not in commission, due to the accident at Kingston, which occurred in April, 1905.

I am advised by Mr. Merwin that Mr. A. W. Stevenson, of Montral, is the owner of this boat.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Commission paid to Polson Iron Works Co.

AUDIT OFFICE, OTTAWA, April 9, 1906.

SIR,—I beg to ask for explanation of a charge of ten per cent made by Polson Iron Works Company on several accounts for supplies and other outlay in connection with steamer *Petrel* and paid by cheque 18b of the current fiscal year.

The Messrs. Polson's commission on these accounts amounted to $50.87, and it is necessary that the reason for not paying the various claims direct from the department instead of through the Polson Company should be sent me.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Extension of Period of Navigation at Port Arthur and Fort William.

AUDIT OFFICE, OTTAWA, May 29, 1906.

SIR,—Please let me know your reasons for having paid $5,720 from the vote for construction of lights to the Reid Wrecking Co. by cheque 7105a of the current fiscal year, on a voucher which gives details of a claim in connection with the extension of the period of navigation at Port Arthur and Fort William to December 15, 1904. There was a special vote for this purpose in the Supply Bill of the fiscal year 1904-5, out of which $5,000 was paid the Reid Wrecking Co. on account of the present claim, and if it were deemed necessary to obtain a special appropriation in the first instance, it does not seem proper that an over-expenditure of that appropriation should be paid from a vote provided by parliament for a very different purpose.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 31, 1906.

SIR,—In reply to yours of 29th of May, with reference to payment of $5,720 to the Reid Wrecking Company, I would say that the account referred to was only partly paid until the matter could be thoroughly investigated, as the charges seemed to be too high. Before this could be done the vote had lapsed, and the balance of the corrected account was paid out of the vote for aids to navigation.

As the major portion of the account was for expenses incurred for removing the light-keepers from the stations, it would appear to be a legitimate charge against maintenance of lights; and if you consider this the case, the amount will be charged against the vote for that service, and the construction vote credited accordingly.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, June 5, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 31st ult. in explanation of a payment of $5,720 from the vote for construction of lights to the Reid Wrecking Company, for services in connection with the extension of the period of navigation at the ports of Port Arthur and Fort William, to December 15, 1904. I called your attention to this payment from the vote for construction of lights because the service for which the payment was made had been provided for specially by parliament, and it seemed to me that the only proper course for the department to have taken in such case, was to have kept within the appropriation, or failing that, to have come again to parliament for the means to pay the over-expenditure which was deemed necessary in the public interest.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 16, 1906.

SIR,—In reply to yours of June 5 with reference to the payment to the Reid Wrecking Company for services in connection with the extension of the period of navigation, the special vote referred to by you was an amount of $15,000, and the items covered by it were for maintaining all necessary lights and fog alarms in operation, keeping open the harbours of Fort William and Port Arthur and removing keepers. Much of this work is routine work of the department and has always been done out of the regular votes. On account of the extension in the autumn of 1904, the amount of $15,000 was considered necessary to supplement the regular votes, and the intention of the department was not to make this $15,000 cover the whole expense of the work but only the extra expense incurred on account of the later date of closing than usual. Unfortunately the extra expense was more than estimated and the regular votes were drawn on to cover the amount required for full settlement.

It is possible that the wording of this item in the Estimates was not distinct, but the intention of the department certainly was to have the amount as an addition to the regular votes for the extension of the regular service, and it is unfortunate that a portion of the $15,000 had to lapse before the accounts could be finally adjusted.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Commission paid to Geo. Thompson.

AUDIT OFFICE, OTTAWA, December 29, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th instant in explanation of a payment of $500 to Mr. Geo. Thompson, Ottawa, from the vote for a lighthouse depot on Georgian bay.

You have not sent me Mr. Thompson's account, showing the services rendered, and the disbursements made by him, in connection with the purchase of the depot recently acquired by the department at Parry Sound. In the absence of a detailed statement of this nature, a payment of $500 on a purchase of $5,000 appears exorbitant.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 7, 1906.

SIR,—Adverting to your letter of the 29th ultimo, referring to the payment of $500 to Mr. George Thompson, from the vote for a lighthouse depot on Georgian bay and asking for a copy of Mr. Thompson's account, I beg to state that the late Honourable Mr. Préfontaine authorized Mr. Thompson to purchase the property without intimating that it was on behalf of this department.

Mr. Thompson found that the Bank of Ottawa had given an option on the property, and that the owner of the same held it at $7,500.

The department stated that no more than $5 500 would be paid, which was accepted, and $5,000 was paid to the Bank of Ottawa and the balance went to Mr. Thompson, who was to meet all expenses, commission, &c., as stated in *Hansard,* page 2986.

I may state that when this discussion took place in the House, the transaction was not closed, and it was immediately suspended and negotiations were only resumed after members of the opposition withdrew their objection to the proposed purchase and accepted the late Minister's statement.

I may also refer you to *Hansard,* page 2987, in which Mr. Perley, M.P., informed the House that 'the Committee may be satisfied that the price is a reasonable one,' and that he mentioned 'that the town of Parry Sound thought of buying the property last fall at exactly the same price.'

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, February 10, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 7th instant, with further reference to a payment of $500 to George Thompson, real estate agent, Ottawa, to meet 'all expenses, commission, &c.,' in connection with the purchase of the lighthouse depot at Parry Sound.

As pointed out in previous letters, $500 is a rather high commission to pay on a $5,000 purchase, and it seems to me that it is obligatory on the department to obtain from Mr. Thompson a detailed account of all 'expenses, &c.,' incurred by him in con-

nection with the acquiring of this property, apart from the usual commission allowed in such cases, so that parliament may be informed of the reasonableness of Mr. Thompson's claim.

I cannot find anything in *Hansard* to relieve the department of this obligation.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Disposition of Automatic Gas Buoys purchased from Thomas L. Willson.

AUDIT OFFICE, OTTAWA, November 12, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, inclosing a statement showing the number, description and disposition of the automatic gas buoys purchased from Mr. Thomas L. Willson during the fiscal years 1904-5 and 1905-6.

To enable me to report fully on the expenditure incurred on these transactions between the department and Mr. Willson, I shall require, in addition to the statement you have sent me, a certificate from your agent at each of the stations to which these buoys were sent to the following effect:—

'I certify that ..... automatic buoys of type No. 5, ... type No. 7, ... type No. 7½, ... type No. 8½, ... type No. 9, ... type No. 11, were received at this station, and that ..... have been placed ..... in store.'

I find from the vouchers sent me that payment was made during last year to Mr. Willson to the amount of $128,500 for buoys that were, at the time of payment, held in his workshops either to the order of the department or awaiting shipping directions. These buoys have since been despatched to various stations, according to the statement which you have sent me, but notwithstanding this fact, it seems to me it is necessary I should have your explanation for having made payment before final delivery.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 19, 1906.

SIR,—I beg to acknowledge receipt of your letter of the 12th instant, with reference to automatic gas buoys purchased from Mr. T. L. Willson during the fiscal years 1904-5 and 1905-6, and I have requested the agents of this department to forward the certificates referred to in your letter. I observe that the certificate called for by you asks the number of buoys that have been placed in store, and I beg to state that, with very few exceptions, a position has been assigned to every buoy which has been purchased. In some cases, owing to the pressure of work on the department's steamers, it has not been possible to place these buoys as quickly as is desired, but the work is being carried out.

With reference to the payment of $128,500 for buoys held at Ottawa, or awaiting shipping instructions, I beg to state that the payment made represented a progress payment on the work done.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

Advances to Professor Prince not Accounted for.

AUDIT OFFICE, OTTAWA, December 21, 1906.

SIR,—I beg to call your atention to the large amount of money in the hands of Mr. E. E. Prince, which, according to the accounts sent me, totalled $7,350 on June 30 last. This money was advanced him from the vote for fishery commissions during the fiscal year 1905-6 and up to the present time, though I have caused several communications to be addressed to your Account Branch urging the necessity of an immediate settlement, I have not been able to obtain any accounts or satisfactory explanation.

I wish you would give the matter your personal attention and cause all necessary vouchers and explanations to be sent me within the present week.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, December 22, 1906.

SIR,—In reply to your letter of the 21st instant on the matter of the accounts of the British Columbia and Georgian Bay Fishery Commissions, I find that the chairman, Professor Prince, had difficulty in obtaining detaled accounts of disbursements owing to the fact that the commissioners claim that they were to be paid a *per diem* allowance for disbursements, in addition to the *per diem* honorarium for their services. Had this not been so Professor Prince states that he would have had all the accounts in his hands long ere this date.

The amount, seven thousand three hundred and fifty dollars, he informs me has been expended, and the vouchers and statements will be sent to you with all possible speed.

I am, sir, your obedient servant

F. GOURDEAU, *D.M.M.F.*

The Auditor General, Ottawa.

AUDIT OFFICE, OTTAWA, December 31, 1906.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant with reference to the advances made to Professor Prince last year in connection with the British Columbia and Georgian Bay Fishery Commissions, in which you say that Professor Prince had difficulty in obtaining detailed accounts of disbursements, owing to the fact that the commissioners claimed they were to be paid a per diem allowance for disbursements in addition to the per diem honrarium for their services.

If Professor Prince cannot obtain vouchers from the commissioners or any other persons to whom he made payments from the advances issued to him by the department during the fiscal year 1905-6, I do not see any good reason for his not furnishing a statement showing these payments and attaching to it the receipts which he obtained from the persons in question. I shall be obliged if you will cause this statement to be sent me during the week, as that portion of the report dealing with your department is now in the hands of the printer.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Marine and Fisheries.

NOTE BY A.G.—The statement asked for has been sent me, but no receipts accompanied it.

Increased Price for Cement Purchased from C. Strubbe.

AUDIT OFFICE, OTTAWA, November 24, 1906.

SIR,—I beg to ask for explanation of a payment of $561 made to Charles Strubbe by cheque 3970*d*, of the fiscal year 1905-6, for 'delay in delivering 5,610 barrels of cement at 10 cents increase of duty, as approved by the Hon. Minister.'

The quotaton I have given is taken from the voucher which is initialled by the late Minister of Marine and Fisheries. It seems to me necessary that some further information should be given.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, December 21, 1906.

DEAR SIR,—In reply to your letter of the 24th ultimo, calling attention to the payment of $561 to Mr. Charles Strubbe for increase of duty on cement, I have to inform you that the cement was sent to the place of delivery by Mr. Strubbe before the department was ready to receive it. In the meantime the duty on cement was increased, and Mr. Strubbe consequently charged the increase of duty to this department. The increased payment was authorized by the Minister at the time, as his initials show.

Yours truly,

The Auditor General. F. GOURDEAU.

AUDIT OFFICE, OTTAWA, November 16, 1906.

Re Fisheries Revenue.

SIR,—While the total Fisheries revenue for the past fiscal year shows a net increase of $3,125.39 over the previous year, a falling off has occurred in the following Provinces and Territories for the same period:—

Ontario	$ 972 36
Nova Scotia	1,779 15
New Brunswick	499 70
Manitoba	719 70
Northwest Territories	282 53
Yukon Territory	38 00

The receipts from Ontario for some years past have been made up in part from sales of parent fish from the Sandwich fish hatchery. The amount received from this source for the year ending June 30, 1905, was $666.06; during the last year nothing has come to account.

The decrease in Nova Scotia appears to have occurred in District No. 3, the total revenue being $1,654.20, as compared with $3,434 received during the previous year.

I shall be glad to know the reasons for these decreases.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, March 23, 1906.

Re Wharfs and Piers Revenue.

SIR,—The last cash receipts to reach this office on account of wharfs and piers revenue, came to hand on the 1st instant, making the total to date $8,031.54; while for practically the same period last year the cash receipts were $8,476.53.

On looking over the cash collections of 1904-5, I find that 30 wharfs, piers and harbours report collections for that year that, so far, have not reported any collections for the present year. The names of the wharfs, &c., are as follows:—

Ontario:—Collingwood harbour and North Bay.

Quebec:—Baie St. Paul, Berthier, Cap a l'Aigle, Greece's Point, Ile aux Grues, Lacolle, Les Eboulements, Murray Bay, St. Cecile du Bic and Tadousac.

Nova Scotia:—Avonport, Hortonville, Isaac's Harbour, Kingsport, Riverside and Victoria.

New Brunswick:—Black River, Cocagne, Hillsboro' Harbour, and Two Rivers.

Prince Edward Island:—Belfast, Brush Wharf, China Point, Red Point, St. Mary's Bay and South Rustico.

British Columbia:—Chemainus and Victoria and Esquimalt Harbours.

Besides the above-named wharfs, there are others from which it would seem that revenue should come to account. Since the close of the last fiscal year is it not possible that many wharfs have been used and the fees not collected, or if collected, not forwarded to the department? In all cases where no collections come to account some means should be taken to find out if the wharfs had been used and, if so, the wharfingers instructed to send in their returns and collections without delay.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 18, 1906.

SIR,—I have to acknowledge receipt of your letter of the 23rd ultimo acknowledging receipts on account of wharfs and piers revenue, amounting to $8,031.54, and stating that the cash receipts for the same period last year were $8,476.53, and in reply I am to inform you that from this it would appear that there was a decrease in the revenue. This is not, however, the case.

In February the revenue clerk was absent from the office through illness, and on his return he forwarded to your office as much of the revenue received from the various sources as could be got ready by the end of the month. Some returns and collections had to be held over, among which were the wharfage returns from Quebec, which require a good deal of time to check, &c. These returns alone amount to $553.84, and had they been included there would have been an increase of $108.85 instead of a decrease.

With reference to the 30 wharfs and harbours given as not having reported any collections for the present year, I beg to say that 21 of these have made returns now. At one, Murray Bay, the wharfinger resigned and a new one appointed February, 1906. As Kingsport is leased to Dominion Atlantic Railway Company and they are being requested to forward the amount of their rental, leaving only 7 which have not reported to the department.

I may add that steps are being taken and means used to procure regular monthly returns from each wharf under the control of the department.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, April 17, 1906.

Re St. Zotique Wharf.

SIR,—With reference to your letter of the 11th April, 1905, calling the attention of the department to the collections made by the wharfinger at St. Zotique, I am to request you to be good enough to forward to this department the receipts and letters of Mr. Leroux, which were left with you, as you state in your letter. This will enable the department to compare them with our books and correct errors, if any.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, April 20, 1906.

SIR,—As requested in your letter of the 17th instant, I now inclose you the statement, left at this office, of payments made by Messrs. Hiram Calvin & Co. to Joseph M. Leroux, wharfinger at St. Zotique, and receipts and letters appertaining thereto:—

Dec. 31, 1897, $20. Receipt herewith.
Jan. 5, 1899, $40.75. Receipt herewith.
Dec. 31, 1899, $34. Letter herewith.
June 8, 1900, $9. Receipt herewith.
July 11, 1900, $10.70. Receipt herewith.
Sept. 14, 1900, $23.40. Statement herewith.

The revenue that came to account from this wharf in 1897-8 was $34, and in 1898-9, $36.25. This last amount was deposited in Ottawa March 15, 1899. Nothing has come to account during the following six years. Seemingly the last four payments shown above have not been accounted for.

On February 6 last your agent at Quebec deposited $7.13, the statement accompanying showing this to have been the receipts of the summer of 1905, less wharfinger's commission.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 3, 1906.

SIR,—With reference to your letter of the 20th ultimo, relating to the wharfinger at St. Zotique, Mr. J. M. Leroux, I beg to say that owing to this gentleman not having kept books, and also to his unwillingness to carry out the instructions given him, it has been decided to appoint another wharfinger, thus putting an end to the state of affairs existing there.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, May 10, 1906.

SIR,—I have received your letter of the 3rd stating that it has been decided to appoint another wharfinger at St. Zotique.

As stated in my letter of April 20, the collections made by the wharfinger, Mr. Leroux, in 1899 and 1900 amounted to $77.10, as per the receipts and statements which I sent you. Seventy-five per cent of this amount should have been deposited, but none of it has been. Then there are the receipts of the years 1901-2 and 1903-4 which have not been accounted for.

What steps have you taken in reference thereto?

Even though the wharfinger kept no books, some means could be got to find out approximately what he collected.

Please explain why he was allowed to retain his position so long in view of the department getting no revenue and no returns.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, May 14, 1906.

Re Wharf at Côteau Landing.

SIR,—I have received a copy of an Order in Council, dated April 30, appointing Isaie Bissonnette wharfinger at Côteau Landing in lieu of A. B. Prieur, deceased.

I would call your attention to the fact that nothing has come to account from this wharf for the last three years, though the receipts in 1901-2 were $102.62.

Do you feel satisfied that your officers exercise as close a supervision over these wharfingers as is desirable? Any wharfinger who makes no remittances and no returns should be required to explain the cause.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, July 11, 1906.

SIR,—Referring to your letter of the 14th May last, stating that you had received a copy of an Order in Council, dated April 30, appointing Isaie Bissonnette wharfinger at Côteau Landing in lieu if A. B. Prieur, deceased, and calling the attention of the department to the fact that nothing has come to account from this wharf for the last three years, though the receipts in 1901-2 were $102.62, I am to inform you that the department is doing its best to obtain a monthly return from each wharfinger during the season of navigation at least. The agents of the department at Halifax, St. John, Charlottetown and Quebec, through whom the wharfingers in the several provinces send their returns, are co-operating with the department towards this end, while in Ontario, where the wharfingers report direct to the department, the returns have been received each month almost without exception during the last year, but it takes time and a great deal of work to get the wharfingers to send their returns regularly. I can only say there has been a marked improvement during the past year, and I am confident it will continue.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 23, 1906.

Re Campbellton, N.B., Wharf.

SIR,—During the present fiscal year collections and returns have come to account from the wharfinger at Campbellton as follows:—

May	$133 99
June	206 67
July	139 84
August	160 73
September	158 92
October	139 81
	$939 96

After deducting his commission and the expenses of remitting, amounting to $238.22, the wharfinger sent the balance to the marine agent at St. John, who deposited the net collections of May and June, $254.03, on the 5th of September; and the net collections of July, August, September and October, $447.71, on the 18th of December. It is not evident from the returns whether the delay is owing to the wharfinger or to your agent at St. John.

The collections of May and June should have come to account in the previous fiscal year.

Will you kindly see that in future this wharfinger deposits his collections in the bank at Campbellton as often as the Treasury Board regulations require ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 27, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 23rd instant, stating the wharfinger at Campbellton does not deposit his collections as often as he should.

In reply, I may say that the agent and wharfinger have been notified and instructions given to comply strictly with the Treasury Board regulations in future.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, October 16, 1906.

Re Oshawa Wharf.

SIR,—I herewith inclose an account for the use of the telephone at the Oshawa wharf under control of this department, from the 1st April to the 6th October. The account is payable in advance, and the company had the telephone taken out on the 1st October for non-compliance with this regulation. The wharf, grain elevator and coal sheds are a considerable distance from Oshawa town, and as coal is stored in the sheds and grain in the elevator, it is necessary to have a telephone to enable the wharfinger to transact business with the merchants of Oshawa. As there is no appropriation at the disposal of the department out of which the account can be paid, and as the wharfage collections have all been deposited to the credit of the Receiver General, will you please send me a cheque for $20.50 to enable me to discharge the department's indebtedness in this matter?

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, October 20, 1906.

SIR,—I have your application for a payment to the Bell Telephone Company of $20.50 for rent of telephone at the Oshawa wharf from April 1 to October 6. You state that the wharfage collections have all been deposited to the credit of the Receiver General.

On September 6, 1904, $804.69 was deposited to the credit of the Receiver General, principally for harbour dues on coal, less expenditure.

Nothing has since come to account from this wharf, with the exception of $2 paid by Rathbun & Co. for 2 years' ground rent on coal sheds.

What has become of the revenue collected since August, 1904?

Even if the revenue collected had been accounted for, there is still an explanation needed why the government should pay for a telephone to transact business with the merchants of Oshawa.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 27, 1906.

SIR,—In reply to your letter of the 20th instant, relating to supplying a telephone for the Oshawa wharf, I have to inform you that it is impossible for the wharfinger to transact business without a telephone, and the department considers that it should be supplied him.

I have to request you to be good enough to send the sum of $20.50 for rent of the telephone.

This is a matter of departmental policy and unless the officers are supplied with the means of transacting business it cannot be expected to be done. The telephone is for the use of the public, just as the wharf is for the use of the public. The wharf is a distance of three miles from Oshawa, and it cannot be expected that merchants and farmers will travel a distance of three miles backwards and forwards, six miles in all, for every transaction they have with the wharfinger on government business.

There is an elevator where grain is stored and two coal sheds attached to the wharf property, and quite a considerable revenue is derived by the government from storing coal and grain.

Yours faithfully,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, October 31, 1906.

SIR,—I have your letter of October 27, in further reference to the payment of rent of telephone at the Oshawa wharf.

In my letter of October 20, I pointed out that no revenue had come from this wharf since September, 1904.

In your letter you state that quite a considerable revenue is derived by the government from storing coal and grain, but you make no explanation why it does not come to account.

I do not purpose discussing the question of the government paying the rent of a telephone at this wharf. The department no doubt consider it proper and duly authorized its use. You state that the telephone is for the use of the public just as the wharf is. The public are supposed to pay for the use of the wharf. Do they pay for the use of the telephone?

In the meantime I will hold your application, awaiting explanation as to the revenue.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, November 6, 1906.

SIR,—Since writing you on October 31, the returns and deposits from the Oshawa wharf have come to hand.

They cover a period of two years from September, 1904, to September, 1906, and amount to $1,426.22. From this amount there has been deducted $255.72 for expenses handling coal and grain, and $356.56 for commission of wharfinger, leaving a net balance of $813.94.

The deposits in acquittance made at Ottawa were as follows: September 19, 1906, $619.96 and $73.71; October 17, $82.18, and October 25, $38.09.

What is the reason for the delay in bringing this revenue to account?

I inclose the accounts received with your application, for which a cheque will reach you in due course.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 8, 1906.

DEAR SIR,—In reply to your letter of the 31st ultimo, relating to the payment of rent on the telephone at Oshawa wharf, I have to call your attention to my letter of the 16th ultimo, in which you are informed that the account was overdue. It was for the use of the telephone between the 1st of April last and the 6th of October of this year. The amount is due the telephone company, and the use of the telephone was authorized by the department, and the department desires to discharge the indebtedness to the telephone company. So far as I am aware, the proper means of paying this account is out of the collections of wharfage.

In your correspondence on the subject other questions have been introduced which do not appear to have any connection with the payment of the account. If you desire any information on other subjects relating to the wharf, I will be very much pleased indeed to give you the information, in letters specially written on the subjects.

You say the public are supposed to pay for the use of the wharf, and inquire if they pay for the use of the telephone. The public pay only for the use of the wharf when freight is landed on it. There are several appurtenances to the wharf for which the public does not pay, nor are they expected to pay. The public do not pay separately for the telephone any more than for some other appurtenances required for transacting the business of the wharf.

The public and the wharfinger have been put to a great deal of inconvenience from the fact that the telephone was taken out by the company on account of the delay in paying the account for six months from April 1 to October 1 last, and the delay is interfering with public business. I will thank you to send the cheque requested.

Yours truly,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

MARINE AND FISHERIES DEPT., OTTAWA, November 19, 1906.

DEAR SIR,—In reply to your letter of the 6th instant inquiring the reason for the delay in bringing the revenue of the Oshawa wharf to account, I have to inform you that the wharfinger has been conducting the business as it was formerly done by his predecessor, and stated he did not understand that he was to make monthly returns. He was instructed, however, by the department in the way in which wharfingers are usually informed that monthly returns are to be made.

There was difficulty in sending any returns monthly owing to the fact that a large portion of the revenue came from coal stored in the shed and grain stored in the elevator in the fall of the year and kept there until they were removed.

It was contemplated also to increase the salary of the wharfinger after it became well understood what his duties would be. The sum of $619.96 was retained in the department pending a decision on the matter, in order that the salary to be paid the wharfinger might be retained out of the receipts. Before the Order in Council, however, increasing the salary of Mr. Henry, wharfinger, was passed, the money was sent you, as the department wished to show the amounts collected at the wharf.

Yours faithfully,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, November 21, 1906.

SIR,—On November 16 instant your letter dated the 8th came to hand, again asking for a cheque in payment for a telephone at Oshawa wharf.

As explained in my letters of October 20 and 31, I held this application as no revenue had come from the wharf for the past two years. Shortly after the revenue, amounting to $813.84, after deducting $255.71 for expenses, came to account, and your application was then passed, of which you were notified by my letter of November 6.

You gave as a reason why this account should be paid, the large revenue received from the wharf. No revenue came to account for two years, and for that reason I held over the payment. You state in your letter of the 8th instant that subjects had been introduced in my correspondence having no connection with the payment of the account, meaning, I assume, that the account should be paid regardless of the revenue being accounted for. I am unable to agree with this opinion, and, of course, must be governed by my own judgment.

I have just received your letter of the 19th explaining the delay in depositing this revenue. The practice of holding funds arising from revenue in the department is not justified for any reason, and should not be repeated.

I have to-day passed your application for a payment of $456.25 to William T. Henry, balance of his salary to August 10 last, in accordance with the terms of the Order in Council, dated October 23.

I trust that in future you will see that the revenue from this wharf is promptly deposited.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 26, 1906.

DEAR SIR,—In reply to your letter of the 21st instant, giving me your reasons for holding the cheque applied for on the 16th of October last to pay for the telephone used on the Oshawa wharf from the 1st of April to the 1st of October, I have to inform you that my letter of the 16th of October made no reference whatever to a large revenue being received from the wharf, and in fact revenue was not in any way mentioned further than to state that the collections of the wharf had all been deposited to

the credit of the Receiver General. When the letter was written it was a question of the indebtedness of the government to the telephone company. There was no other way of discharging that indebtedness than by getting a cheque from you out of the revenue. The question of depositing the revenue is one which you referred to in your letter of the 20th of October.

I wished to have the cheque for the telephone, in order to enable me to consider the question of having the telephone restored, but before this could be done it was necessary to pay the indebtedness from the 1st of April to the 1st of October.

The delay in considering the question of restoring the telephone has caused considerable inconvenience to the public, and it was not depending upon the amount of revenue received whatever. There was no escape from paying the account, as it had been authorized by the department and could not be repudiated.

With regard to your statement about the practice of holding funds arising from revenue, I have always recognized that it was the duty of this department to deposit funds as soon as they are received, but there are special cases, such as the one in connection with the Oshawa wharf, where misunderstandings arise on the part of the wharfingers and the correct payment of compensation to wharfingers out of revenue, which cause delays. You will find on examination that it is the practice of the department to have revenues deposited as soon as it is practicable.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M.M.F.*

AUDIT OFFICE, OTTAWA, March 20, 1906.

Re Dominion Steamer 'Champlain.'

SIR,—I have to call your attention to the delay in depositing the earnings of str. *Champlain.* Returns have come to hand for seven months ending January 31, amounting to $3,239.71.

Deposits were made in acquittance of this amount by the marine agent at Quebec, as follows:—

December 27, 1905	$1,680 68
February 14, 1906	1,559 03
	$3,239 71

Is there anything preventing the purser from depositing his collections in the bank at Murray bay from time to time as they are made? The Treasury Board regulations require daily deposits in cases where the receipts amount to $25 I hope you may be able to make such arrangements as will insure a proper observance of these regulations.

I am, sir, your obedient servant,

J. FRASER, *A.G*

The Deputy Minister of Marine and Fisheries

MARINE AND FISHERIES DEPT., OTTAWA, March 22, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 20th instant calling the attention of the department to the delay in depositing the earnings of the ss. *Champlain*, and asking if some arrangement could not be made to remedy this state of affairs.

In reply I may say that instructions are being forwarded to the agent at Quebec, directing him to have the earnings of the *Champlain* deposited at Murray Bay as often as necessary to comply with the Treasury Board regulations.

I am, sir, your obedient servant,

F. GOURDEAU, *D.M.F.G.*

The Auditor General

AUDIT OFFICE, OTTAWA, April 27, 1906.

Re Wharfs and Piers.

SIR,—The Hon. Minister of Public Works stated in the House yesterday that the wharfs at Huntsville, Baysville and Bracebridge were still under the control of your department through the resident engineer.

I have to enquire if any wharfage is collected at these wharfs and, if so, what disposition is made of it, as I do not find that any has come to account.

I would also call your attention to the large number of other wharfs, which though completed for some time, have not been transferred to the Department of Marine and Fisheries and, so far, no revenue has come to account from them.

In this connection I may refer you to letters from the Auditor General on this subject dated December 5, 1902; April 18, 1903; October 9, 1903; July 13, 1904.

I am, sir, your obedient servant,

F. FRASER, *A.G.*

The Deputy Minister of Public Works.
